## Ag Bill Passes Senate

Ike Wins Flexible Power To Tackle Surplus Problem

WASHINGTON (AP)—President Eisenhower won flexible authority to tackle the vast farm surplus problem Tuesday night as the Senate passed the farm bill calling for a sliding scale of price supports ranging from 82½ to 90 per cent of parity.

The vote on the omnibus agricultural measure containing the new price support provisions was 62-28.

Voting for the bill were 44 Republicans and 18 Democrats while 24 Democrats, Independent Sen. Morse of Oregon and three Republicans voted against it. The three Republicans opposed were Langer (ND), McCarthy (Wis) and Thye (Minn).

Nebraska's Republican Senators Bowring and Reynolds voted with the majority.

The measure now goes back to the House, with a Senate-House conference committee expected to reach a speedy compromise on differences between the two chambers.

However, there were no differences between the two bodies on the key issue of giving the President flexible powers to vary price supports on the so-called basic crops—wheat, corn,

PHIL WEAVER  
... GOP candidate for First Congressional District.

FRANK MORRISON  
... Democratic candidate for First Congressional District.

## Vote May Be Lightest In Over 30 Years

It appeared that except for the war year of 1944, Nebraska had cast the lightest primary vote in more than 30 years. Indications were that when the complete count had been tabulated the total ballot would approximate 200,000 and might fall below that figure.

As the returns trickled in, despite spirited contests for the Republican nomination for U. S. Senator for the full six year term, for governor, for Congress in the First District and local county contests, the report in the final days of the campaign of general indifference was borne out.

One classic example was revealed in Cedar county where in a township with 350 qualified voters only 13 ballots were cast, nine of them by the election board.

In a trend which became marked by midnight, the winners emerged and by the time a fourth of the vote had been counted it appeared that the results had been determined.

ONE REVERSE

The administration suffered one reverse when the Senate by a vote of 45 to 44 approved an amendment by Sen. Hubert Humphrey (D-Minn) which would remove the ban on re-election of farmer county commissioners as directors of local programs.

Under Agriculture Department regulations, commissioners who serve three consecutive years could not seek re-election. Aiken protested in vain that the proposal would "overturn" the Agriculture Department reorganization plan.

cotton, rice and peanuts. Both chambers voted for a scale of 82½ to 90 next year instead of the present mandatory props of 90 per cent of parity.

This did not give Eisenhower and Secretary of Agriculture Benson all the leeway they asked—their original proposal was for a range of 75 to 90. But administration men expressed jubilation that the principle of flexibility was established after a hectic battle.

Another Victory

The administration argues that the way to tackle the problem which has piled up large surpluses in government hands is to reduce price floors when crops are large, in order to spur consumption, and to raise them in times of scarcity, to encourage production.

Before Tuesday night's final vote, backers of the Eisenhower program hung up another in a series of preliminary victories that have characterized the struggle in the last few days.

The administration victory came on a 54-33 vote which defeated a proposal offered by Senators Young (R-ND) and Humphrey (D-Minn) to require government price supports of 75 to 90 per cent of parity on soybeans, oats, rye, barley and grain sorghums.

Sens. Bowring and Reynolds, Nebraska Republicans, voted with the 54-33 majority on the farm bill amendment.

Both Senators also voted with the majority when the Senate adopted 52 to 29 an amendment by Sen. Aiken (R-Vt) and others knocking out of the farm bill a provision tying mandatory price supports for small grains to supports for large grains to supply levels for corn.

NO RESTRICTIONS

Parity is a computed price calculated to give a farmer a fair price in relation to his costs.

In another important decision Tuesday, the Senate decided to remove nearly 1,000,000 wheat producers in 20 states from the designated "commercial wheat area" where rigid crop controls apply. Sen. Young offered the proposal, saying that under it these growers could grow and harvest wheat without restrictions.

## Weaver Defeats Beynon

Morrison Leads On Demo Ticket

Phil Weaver, 35-year-old Falls City auto dealer won a hotly contested battle from Ira D. Beynon of Lincoln for the Republican nomination for Congress from the First District.

Beynon early Wednesday morning conceded the victory to Weaver, who led by a margin of 9,498 to 6,734 on the basis of returns from 248 of 625 precincts in the First District. Murray F. Ricka of Guide Rock trailed a poor third with 1,377 votes.

In conceding the race, Beynon stated, "From scattered returns, it appears that Weaver is the nominee. I offered him my congratulations, and expressed my willingness to help in the fall campaign."

On the Democratic side of the ticket, Frank Morrison, McCook attorney, took an expected wide and early lead over his opponent, Sam Freeman of Hubbell. Returns from the 248 precincts gave Morrison a handsome lead of 4,887 to 2,911 for Freeman.

Weaver, a relative newcomer to the field of politics, is a graduate of the University of Nebraska. He was formerly in the insurance and finance business and is a veteran of World War II.

Morrison, 49, is a noted supporter of REA co-operatives and assisted in the formation of the first REA in the state. He is a graduate of the University of Nebraska Law School and is active in civic affairs in McCook. He is a long-time Democratic party worker and was the Democratic nominee for Congress four years ago.

The Third Congressional District was the scene of hotly contested battles during the campaign. The incumbent Republican is Robert D. Harrison, a Norfolk oil dealer and farm manager who was elected as a successor to the late Karl Stefan of Norfolk, took a early wide lead over Edward J. Robins of Fremont. Ernest M. Luther of Hooper, a farmer and cattle feeder, maintained a slim lead over Jesse F. Tepner of Creighton a 47-year-old auto and implement dealer.

Luther held a total of 3,644 votes to 2,601 for Tepner on the basis of returns from some 290 precincts in the Third District.

For register of deeds on the Republican ticket, the nomination went to J. G. Vaughan, the

incumbent, with 9,734 votes. In another spirited county race, Wilford Sanders, the deputy clerk, was nominated with 7,522 votes for clerk of the district court over Ralph Max Buckley with 2,458 votes.

In the third district county commissioner race, incumbent Russell Brehm was the successful candidate with 2,146 votes.

In the same race on the Democratic side, Johnnie Hergenreder took 907 votes to oust George Blum with 811 votes for the former deputy sheriff, received only 2,349 votes.

In the race for the full term of the board of Sanitary District 1, incumbent Rodger Bergquist lost out with 4,566 votes. The two nominees for that post are Incumbent William F. Stoner with 5,566 votes and Neil C. Vandemoer with 4,701 votes.

In the race for the full term of the board of Sanitary District 1, incumbent Rodger Bergquist lost out with 4,566 votes. The two nominees for that post are Incumbent William F. Stoner with 5,566 votes and Neil C. Vandemoer with 4,701 votes.

In the race for the full term of the board of Sanitary District 1, incumbent Rodger Bergquist lost out with 4,566 votes. The two nominees for that post are Incumbent William F. Stoner with 5,566 votes and Neil C. Vandemoer with 4,701 votes.

In the race for the full term of the board of Sanitary District 1, incumbent Rodger Bergquist lost out with 4,566 votes. The two nominees for that post are Incumbent William F. Stoner with 5,566 votes and Neil C. Vandemoer with 4,701 votes.

## Lincoln Legislative:

## Nod To Perry, Venner And Adams, Bartunek

In the hotly contested Lancaster county race for the 20th Legislative district, Robert Perry with 4,349 votes and Cobe Venner with 2,481 were nominated. Running a close third was Bertha R. Smith with 2,286 votes.

In the 19th Legislative district race, the two nominees were Tom Adams with 1,959 votes and Leo N. Bartunek with 742 votes.

William Ritchie of Omaha on the Democratic side and former Lincoln Victor E. Anderson on the Republican side were their respective party nominees for governor in Lancaster county.

With 130 of the county's 131 precincts counted, Ritchie had received 3,177 votes. This was generally believed to be a larger margin of victory than expected as Attorney Pat J. Heaton of Sidney ran second with 1,442 votes.

Winning with his second effort, Anderson was less than

## St. Lawrence River Project Is Opened

MASSENA, N.Y. (AP) — The crack of aerial bombs Tuesday saluted the birth of the 600 million dollar St. Lawrence River power-project, heralded by President Eisenhower and Prime Minister Louis St. Laurent as a new tie of friendship between the United States and Canada.

At ceremonies here and across the border, in Cornwall, Ont., St. Laurent, Gov. Thomas E. Dewey of New York and Prime Minister Leslie H. Frost of Ontario turned the first earth in the construction of the 12½ billion kilowatt hydroelectric development.

Eisenhower, in a telegram read by Dewey, hailed the joint project as "yet another strand in the strong fabric that binds the destiny of Canada and the United States."

St. Laurent, prime minister of Canada, acclaimed it as proof of "what can be achieved when nations work together for the common good in making use of the latest technological achievements in a spirit of cooperation for peaceful purposes."

## Two Dams

At both ceremonies, scarlet-coated constables of the Royal Canadian Mounted Police and grey-clad New York State troopers stood side by side at attention as military bands played "God Save the Queen" and the "Star Spangled Banner."

Flags of both nations fluttered overhead.

Ground-breaking signaled the start of construction of two dams and a powerhouse that by 1958 will produce 6½ billion kilowatts a year of electricity for nine states and the same amount for Canada.

The New York State Power Authority and the Ontario Hydro-Electric Commission, partners in the venture, will share the construction cost. The project will be financed by revenue bond issues floated separately in each country.

## Suspect In 1953 Bank Robbery Nabbed By FBI

JACKSONVILLE, Fla. (INS) — Agents of the Federal Bureau of Investigation at Jacksonville Tuesday arrested a man suspected of taking more than \$190,000 from a bank in Floral Park, N.Y., in daring daylight raid a year ago.

The suspect was identified by the FBI as George Patrick McKinney, 27.

He was picked up on a warrant charging flight to avoid prosecution for a burglary in California, but a fingerprint check showed his prints matched those found on the car in which the bank manager was abducted.

The loot in the Aug. 18, 1953 robbery of the Franklin National Bank of Franklin Square, Floral Park, was believed to be one of the largest amounts of money ever obtained by a lone bandit in a bank robbery. The loot totaled \$190,319.55.

## Hamilton County Voting Is Light

Lincoln Star Special

AURORA, Neb. — In a light vote, with all precincts reporting, the residents of Hamilton County nominated only one of the incumbent Republican officials who were opposed in the primary.

The Democratic candidates were unopposed.

The Republican candidates who were opposed and defeated their opposition were:

County clerk, Edwin Wall; treasurer, Earl Strong; sheriff, Ralph W. Spy (incumbent); and clerk of the district court, Lyle E. McConaughay.

## NEW! BROWN 'N SERVE PIES!

NO REFRIGERATION!

Now, different—and delicious! Each "deep dish" Morton House pie comes sealed in its own foil. You simply remove the foil and eat it right out of the box. And it's "deep dish" delicious! It's the new taste of the 20th century.

## Flying Fingers Race With Ballot Totals

Tabulators in the election commissioner's office work furiously Tuesday night following the closing of the polls to record the thousands of ballots as they are counted from all over the city (Star Photo.)

## Stevens May Be Envoy To Portugal

WASHINGTON (AP) — President Eisenhower Tuesday accepted the resignation of M. Robert Guggenheim as ambassador to Portugal. There have been reports.

Secretary of the Army Stevens might succeed him.

James C. Hagerty, White House press secretary, asked about the possibility of Stevens, a key figure in the Army - McCarthy controversy, being sent to Lisbon, replied no successor to Guggenheim has been picked.

Tight races also developed for the gubernatorial nominations on the Republican side Atty Gen. Robert E. Snyders forged a narrow lead over John Sanborn, former congressman from Hagerman, with Mayor Larry Gardner of Coeur D'Alene trailing.

Former Gov. Charles Gossett of Nampa and State Sen. Clark Hamilton of Weiser fought it out for the Democratic nomination for governor, with Bannock County Commission Cantrell Neilson of Pocatello third and Joseph McNew, Boise railroader, fourth.

Faubus Leads

LITTLE ROCK, Ark. (AP) — Orval Faubus late Tuesday night maintained a fluctuating lead of less than 10,000 votes in his attempt to unseat first term Gov. Francis Cherry in Arkansas' Democratic primary.

With less than 200 of the state's 2,306 boxes not heard from, Cherry would say merely that "it looks pretty tight but we think there still are 50,000 or 60,000 votes out—many of them in sections where we're leading."

The Faubus camp was claiming that "we're definitely in."

Faubus, a weekly newspaper publisher and former postmaster at Huntsville, opposed Cherry for a second term Democratic nomination in Arkansas Democratic nomination is the equivalent of election.

## Laundress Arrested For Accosting Men

A 38-year-old Lincoln laundress was booked on an open charge at police headquarters Tuesday in connection with inviting to her home men that she had approached on the street. She was jailed overnight.

## Elect Day Brings Grand Jury Holiday

OMAHA (AP) — The Douglas County grand jury got a holiday Tuesday—it was election day.

The 19 jurors will resume investigations Wednesday. The jury started its session June 22 and has worked 34 days.

## Study Voted Down

In other business, the council hotly argued, then voted down four to three, a proposal by

Mayor Given Paque

that the board of public works be authorized to spend not to exceed \$1,500 for a study and appraisal of the Central Electric and Gas Co. property in Beatrice.

Bates showed figures which showed that operating expenses, property valuation and other figures shown by the gas company here were "way out of line with those of Hastings, Nebraska City, and other Nebraska cities."

Bates claimed that the \$776,000 valuation claim by the Beatrice company was exceedingly high in view of the fact that only a couple of years ago the property was valued at less than \$300,000.

Mayor Davison advised the council that the operators of the Beatrice Haul-Away Company who have a contract to haul garbage and maintain the city dump, is interested in moving the dump to a rural location. If agreeable to the city, Davison reported, the operators of the garbage firm would purchase a farm six miles south of Beatrice and relocate the dump there. The sanitary landfill method would be used. The firm's contract with the city still has about three years to run.

Mayor Davison was authorized to enter into an agreement with the Nebraska Department of Roads and Irrigation on the improvement of U.S. Highway 77 on South Sixth Street from the bridge to the city limits. Under the agreement, the state will pay the cost of the center 12 feet of surfacing of the project with the city and federal government paying the remainder.

The House-passed bill called for 100 million dollars to finance the one year extension of the loan program. The Senate-passed bill called for 200 million. The conference agreement split the difference and authorized 37½ million dollars to be made available each quarter starting July 1.

Major Davison was authorized to enter into an agreement with the Nebraska Department of Roads and Irrigation on the improvement of U.S. Highway 77 on South Sixth Street from the bridge to the city limits. Under the agreement, the state will pay the cost of the center 12 feet of surfacing of the project with the city and federal government paying the remainder.

The measure is a compromise of differing Senate-House versions which varied chiefly in the amount of the authorization.

Major Davison was authorized to enter into an agreement with the Nebraska Department of Roads and Irrigation on the improvement of U.S. Highway 77 on South Sixth Street from the bridge to the city limits. Under the agreement, the state will pay the cost of the center 12 feet of surfacing of the project with the city and federal government paying the remainder.

The measure is a compromise of differing Senate-House versions which varied chiefly in the amount of the authorization.

The House-passed bill called for 100 million dollars to finance the one year extension of the loan program. The Senate-passed bill called for 200 million. The conference agreement split the difference and authorized 37½ million dollars to be made available each quarter starting July 1.

## Lincoln Legislative:

## Nod To Perry, Venner And Adams, Bartunek

In the hotly contested Lancaster county race for the 20th Legislative district, Robert Perry with 4,349 votes and Cobe Venner with 2,481 were nominated. Running a close third was Bertha R. Smith with 2,286 votes.

In the 19th Legislative district race, the two nominees were Tom Adams with 1,959 votes and Leo N. Bartunek with 742 votes.

William Ritchie of Omaha on the Democratic side and former Lincoln Victor E. Anderson on the Republican side were their respective party nominees for governor in Lancaster county.

With 130 of the county's 131 precincts counted, Ritchie had received 3,177 votes. This was generally believed to be a larger margin of victory than expected as Attorney Pat J. Heaton of Sidney ran second with on 1,442 votes.

Winning with his second effort, Anderson was less than

## St. Lawrence River Project Is Opened

MASSENA, N. Y. (P) — The crack of aerial bombs Tuesday saluted the birth of the 600 million dollar St. Lawrence River power project, heralded by President Eisenhower and Prime Minister Louis St. Laurent as a new tie of friendship between the United States and Canada.

At ceremonies here and across the border, in Cornwall, Ont., St. Laurent, Gov. Thomas E. Dewey of New York and Prime Minister Leslie H. Frost of Ontario turned the first earth in the construction of the 12½ billion kilowatt hydroelectric development.

Eisenhower, in a telegram read by Dewey, hailed the joint project as "yet another strand in the strong fabric that binds the destiny of Canada and the United States." St. Laurent, prime minister of Canada, acclaimed it as proof of "what can be achieved when nations work together for the common good in making use of the latest technological achievements in a spirit of cooperation for peaceful purposes."

## Two Dams

At both ceremonies, scarlet-coated constables of the Royal Canadian Mounted Police and grey-clad New York State troopers stood side by side at attention as military bands played "God Save the Queen" and the "Star Spangled Banner."

Flags of both nations fluttered overhead.

Ground-breaking signaled the start of construction of two dams and a powerhouse that by 1958 will produce 6½ billion kilowatts a year of electricity for nine states and the same amount for Canada.

The New York State Power Authority and the Ontario Hydroelectric Commission, partners in the venture, will share the construction cost. The project will be financed by revenue bond issues floated separately in each country.

## Suspect In 1953 Bank Robbery Nabbed By FBI

JACKSONVILLE, Fla. (INS) — Agents of the Federal Bureau of Investigation at Jacksonville Tuesday arrested a man suspected of taking more than \$190,000 from a bank in Floral Park, N. Y., in a daring daylight raid a year ago.

The suspect was identified by the FBI as George Patrick McKinney, 27.

He was picked up on a warrant charging flight to avoid prosecution for a burglary in California, but a fingerprint check showed his prints matched those found on the car in which the bank manager was abducted.

The loot in the Aug. 18, 1953, robbery of the Franklin National Bank of Franklin Square, Floral Park, was believed to be one of the largest amounts of money ever obtained by a lone bandit in bank robbery. The loot totaled \$190,319.55.

## Hamilton County Voting Is Light

LINCOLN STAR SPECIAL

AURORA, Neb. — In a light vote, with all precincts reporting, the residents of Hamilton County nominated only one of the incumbent Republican officials who were opposed in the primary.

The Democratic candidates were unopposed.

The Republican candidates who were opposed and defeated their opposition were:

County clerk, Edwin Wall; treasurer, Earl Strong; sheriff, Ralph W. Spry (incumbent); and clerk of the district court, Lyle B. McConnaghey.

**NEW! BROWN 'N SERVE PIES!**

**NO REFRIGERATION!**

New, different — and delicious. Each "deep dish" Morton House pie comes sealed in its own pie tin. You simply remove the lid, pop in oven till brown, and serve. And so delicious. Light, flaky crust. Real "home-made" goodness. Your grocer has them for you now.

## 5 State Candidates Were Unopposed

Three Republicans and two Democrats were nominated for state offices without opposition in the Tuesday primary.

The three Republicans, all incumbents, are Ray C. Johnson, auditor of public accounts; Clarence S. Beck, attorney general, and Frank Marsh, secretary of state.

In the opposite camp are Stanley D. Long who seeks election as lieutenant governor and V. C. Havorka S., running for secretary of state.

Johnston, 61, seeks his 10th consecutive term in office, having been first elected to the post in 1939. A former Nebraska banker, he is a resident of Lincoln. He defeated Gustav F. Boshorn of Lincoln for the post in 1952. In his last four election campaigns he carried every county in the state and was top vote getter among state officials elected in 1952.

Beck, 54, has been attorney general since appointed to succeed James H. Anderson in 1950. He

was re-elected in 1950 and 1952 defeating Michael T. McLaughlin of Lincoln in the last campaign. He practiced law in North Platte before entering the office as an assistant attorney general.

Marsh, 30, will be running for his second term. He defeated Democrat Harry R. Swanson in the 1952 race. Marsh, who lives in Lincoln, is the son of Frank Marsh Sr. who served as secretary of state from 1927 to 1933 and from 1941 until his death in 1951.

Long, 66, is a veteran office seeker. A Grand Island druggist, he ran for the Senate in 1952 and was defeated by the late Hugh Butler. In 1946 he unsuccessfully opposed Rep. A. L. Miller for election to Congress from the Fourth District. He served as University of Nebraska Regent from 1926 to 1951.

Havorka, a Randolph auto dealer, is making his first try for state office.

### Japanese Air Force Officers To Train In U.S.

TOKYO (Wednesday) (INS) — Four officers of Japan's "air self-defense force" were en route Tuesday to the United States where they will receive technical training in electronics and aircraft maintenance.

Two of the Japanese will be trained at Keesler Air Force Base, Biloxi, Miss., and the others at Chanute AF Base in Illinois.

### Stabbing Wounds Beatrice Man, 27,

BEATRICE, Neb. (AP) — Alfred Parde, 27, was in serious condition in a Beatrice hospital Tuesday with abdominal wounds received in a stabbing.

The stabbing occurred at the home of his parents, Mr. and Mrs. John Parde. According to police, he was stabbed with a butcher knife.

County Attorney William B. Rist was investigating the incident Tuesday.

Parde's father, John, was held in Gage County jail on a drunk and disorderly conduct charge.

## Voters To Pick At Least 9 New State Senators

Nebraska will have at least nine new state legislators following the general election in November.

Eight of the incumbents of the last session decided not to seek return.

The other district was represented by a senator now dead.

That was the 19th in Lincoln and

Lancaster County, represented in the 53 session by Howard L. Britt.

Of the other eight, three left the public field for the time at least.

They are Richard Marvel, Hastings, who represented the 31st;

J. L. Josh Brown, Brule, 39th;

and Robert McNutt, Lincoln, 20th.

McNutt's decision to step out

set off one of the biggest contests for nomination in recent Lincoln history. There were seven even

ing the two nods in the 20th dis-

trict—more typical of Omaha dis-

trict races than in other areas of

the state.

Of the other, all but Art Car-

mody of Trenton, 37th district, are

either in public jobs now or sought

higher honors. Terry Carpenter,

Scottsbluff, 42nd district, ran for

the long term Republican nomina-

tion for U. S. Senator; Hugh Car-

son, Ord, 29th, sought the short-

term Republican senatorial nomi-

nation; Ralph Hill, Hebron, 22nd, ran for

the Republican nod for state

treasurer, and Chris Metzger,

Cedar Creek, is on the State

Highway Advisory Commission.

And Carmody, budget chairman

for the past two sessions—a top

power in the Legislature—wasn't

out of the political field. He and

his wife were Carpenter's campaign

managers.

## 5 State Candidates Were Unopposed

Three Republicans and two Democrats were nominated for state offices without opposition in the Tuesday primary.

The three Republicans, all incumbents, are Ray C. Johnson, auditor of public accounts; Clarence S. Beck, attorney general, and Frank Marsh, secretary of state.

In the opposite camp are Stanley D. Long who seeks election as lieutenant governor and V. C. Havoraka Sr., running for secretary of state.

## Ten Non-Political Nominees Get Nod Without Opposition

Ten persons seeking positions on the non-political ballot in the general election were nominated without opposition in Tuesday's primary.

They include Supreme Court judges E. B. Chappell of Lincoln, 1st district; Adolph E. Wenke of Stanton, 3rd district; and Paul E. Boslaugh of Hastings, 5th District.

Candidates for the new State Board of Education from two districts are among the group. Harold L. Zinnecker of David City and W. Ray Hill of Seward are running in the 4th District and A. J. Crabtree of McCook in the 5th District.

Only two candidates for University of Nebraska Regent appeared on the ballot in the 1st and 2nd Districts. (Two are nominated from each district.) They are Harry F. Cunningham and Clarence E. Swanson, both of Lincoln, 1st District, and Regent J. Leroy Welsh and Billie Howell, both of Omaha, 2nd District.

**Judges On List**

Judges Chappell and Wenke are seeking their third six-year terms in the state court. Chappell practiced law in Lincoln before election as municipal judge. He was a District Court Judge from 1929 until he assumed the state post in 1942.

Welch practiced law in Stanton from 1924 to 1938 when he was elected district judge. He held the post until election to the Supreme Court.

Judge Boslaugh seeks his sec-

Johnston, 61, seeks his 10th consecutive term in office, having been first elected to the post in 1939. A former Nebraska banker, he is a resident of Lincoln.

He defeated Gustav F. Besschorn of Lincoln for the post in 1952. In his last four election campaigns he carried every county in the state and was top vote getter among state officials elected in 1952.

Beck, 54, has been attorney general since appointed to succeed James H. Anderson in 1950. He

was re-elected in 1950 and 1952 defeating Michael T. McLaughlin of Lincoln in the last campaign. He practiced law in North Platte before entering the office as an assistant attorney general.

Marsh, 30, will be running for his second term. He defeated Democrat Harry R. Swanson in the 1952 race. Marsh, who lives in Lincoln, is the son of Frank Marsh Sr. who served as secretary of state from 1927 to 1933 and from 1941 until his death in 1951.

Long, 66, is a veteran office seeker. A Grand Island druggist, he ran for the Senate in 1952 and was defeated by the late Hugh Butler. In 1946 he unsuccessfully opposed Rep. A. L. Miller for election to Congress from the Fourth District. He served as University of Nebraska Regent from 1926 to 1951.

Milner, 54, has been attorney general since appointed to succeed

James H. Anderson in 1950. He

served two-year term as Supreme Court Justice. He began his law practice in Clay County and moved to Hastings to practice in 1913. He is a past president of the Nebraska State Bar Association.

Zinnecker and Hill seek the six-year term on the Board of Education. Zinnecker, a David City hotel owner, has been secretary of his local school board for 15 years. Hill, Seward physician, formerly served on the Milford school board and is chairman of the Seward County Reorganization Committee.

**Background Given**

Crabtree, McCook drug company owner, seeks the four-year term on the board. He is a former president of the Nebraska School Boards Association.

Regent candidate Cunningham is a retired Army officer. He taught architecture at the University of Nebraska from 1930 to 1934 and is a member of the Nebraska Capitol Murals Commission.

His opponent, Swanson, a local merchant, is a member of the University Foundation board of trustees, and is past president of the University Alumni Association.

Welch, Omaha grain dealer, has been member of the Board of Regents for eight years. However, Omaha insurance man, is a member of the University scholarship fund raising committee and past alumnus president of the University N Club.

Parde, 27, was in serious condition in a Beatrice hospital Tuesday with abdominal wounds received in a stabbing.

The stabbing occurred at the home of his parents, Mr. and Mrs. John Parde. According to police, he was stabbed with a butcher knife.

County Attorney William B. Rist was investigating the incident Tuesday.

Parde's father, John, was held in Gage County jail on a drunk and disorderly conduct charge.

Communist domination of Iran.

## Voters To Pick At Least 9 New State Senators

Nebraska will have at least nine new state legislators following the general election in November.

Eight of the incumbents of the last session decided not to seek re-election.

The other district was represented by a senator now dead.

That was the 19th in Lincoln and Lancaster County, represented in the 53 session by Howard L. Britt.

Of the other eight, three left the public field for the time at least.

They are Richard Marvel, Hastings, who represented the 31st; J. L. Josh Brown, Brule, 39th, and Robert McNutt, Lincoln, 20th.

McNutt's decision to step out set off one of the biggest contests for nomination in recent Lincoln history.

There were seven seeking the two nods in the 20th district—more typical of Omaha district races than in other areas of the state.

Of the other, all but Art Carberry of Trenton, 37th district, are either in public jobs now or sought higher honors. Terry Carpenter, Scottsbluff, 42nd district, ran for the long term Republican nomination for U. S. Senator; Hugh Carson, Ord, 29th, sought the short-term Republican senatorial nod; Ralph Hill, Hebron, 22nd, ran for the Republican nod for state treasurer, and Chris Metzger, Cedar Creek, is on the State Highway Advisory Commission.

And Carmody, budget chairman for the past two sessions—a top power in the Legislature—wasn't out of the political field. He and Carson were Carpenter's campaign managers.

**Herbert Hoover Jr. Backed For Medal**

WASHINGTON (AP) — Rep.

Pillion (R-NY) Tuesday introduced a resolution to award the Medal of Freedom to Herbert Hoover Jr., son of the former president.

The resolution cites Hoover for "outstanding services" in the settlement of the Iranian oil dispute.

It describes the agreement as "just to all parties" and says this avoids the danger of

Communist domination of Iran.

## Czech Girls Get Approval To Join Mother In U.S.

FRANKFURT (INS) — Two Czechoslovakian girls, the first allowed to emigrate since the Communists lowered the Iron Curtain, arrived in Frankfurt Tuesday en route to rejoin their mother in the United States.

The girls, Maria Alexovich, 17, and her sister, Erna, 12, have not seen their mother, Mrs. Ann Masica, of Parma, Ohio, since 1948.

The girls shyly looked around on their arrival in West Germany.

Walter Reed Hospital in Washington Wednesday for a leg operation, told newsmen that he planned to confer later today with CIA Director Allen Dulles.

## Gen. Clark Plans Meeting With Joe

WASHINGTON (INS) — Gen.

Mark W. Clark said Tuesday that he will confer with Sen. Joseph R. McCarthy (R-Wis) on the forthcoming study of the Central Intelligence Agency.

Clark will head a "task force" of the Hoover Commission on government reorganization to look into the CIA's operations. McCarthy has charged that Communists have infiltrated the super-secret agency.

The general, who is entering

Walter Reed Hospital in Washington Wednesday for a leg operation, told newsmen that he planned to confer later today with CIA Director Allen Dulles.

## John Landy's Heel

In the month of August, let it be written that John Landy's heel becomes a matter of international concern.

Did he or did he not match strides with Britain's Roger Bannister in the Empire games in Vancouver last Saturday while handicapped with a gash on the heel requiring four stitches to close it? The evidence grows that this bonnie lad from the land way down under, Australia, actually did race an equally gallant competitor while nursing a very painful, punishing cut foot but out of the spirit of knightly sportsmanship, insisted that the secret be kept and that there be no mention of his handicap.

If true, here is the stuff of which heroes are made. No excuses for defeat, no alibis for a failure which followed travels taking

him more than halfway around the world. There is the thrill of athletic competition in the very highest sense. So far as the race itself was concerned, a race which for the first time brought together two men who had achieved a long-held dream of all athletes of completing a mile in less than four minutes, there were no apologies necessary for either Landy or Bannister. Landy led virtually all the distance until the 100-yard stretch, and then wilted slightly under the burst of speed that Bannister flashed. But again, both men had run a mile in less than four minutes.

To cap it all, here comes a story of Landy's remarkable gallantry in refusing to take anything away from Bannister's victory by revealing that he, Landy, had raced all that distance upon a foot which must have maimed him.

## As A Matter Of Policy

Big. Gen. Herbert D. Vogel, nominated recently by President Eisenhower to succeed Gordon Clapp as head of TVA, was testifying Monday before a group of senators questioning the appointee. Gen. Vogel told the senators he "much would prefer" to have TVA itself build plants to supply the valley's power needs. The administration plan, contained in legislation approved by this Congress, to buy power from a private utility in the Memphis area, Gen. Vogel chose to think, was a development simply to meet an emergency. He expressed himself that he did not

believe this should become a matter of policy. There you are.

Actually the legislation adopted by Congress not only provides enabling steps for one private power company to supply TVA electricity, but it sets up the pins for three more. That is the result of language inserted in the bill while the bill was in committee.

Since Gen. Vogel's confirmation is a foregone conclusion we can only hope that instead of permitting Congress to mess up TVA, the general gets his blood pressure up and fights to preserve it.

## That Little Two-Room House

The state of Iowa and more particularly the people of West Branch (pop. 769) did themselves proud in celebrating the 80th birthday of former President Herbert Hoover. That is one of the really wonderful attributes of America. People may differ and differ sharply politically but in the expression of

neighborly pride and affection, there is no partisanship.

One of the facts set forth in the dispatches telling of this anniversary celebration no doubt drew the attention of a great many people. It was a sentence which said that a thousand visitors went through the two-room house where Mr. Hoover was born August 10, 1874.

That two-room house was a symbol of that era. Today's farm home may be much more pretentious but in 1874, just 80 years ago, rural America knew not only one but thousands of farm homes containing either one or two rooms. In between 1874 and 1954, rural America has marched forward until the most modest of farm homes are much more pretentious and the more pretentious of farm homes are much more impressive.

And probably nothing that happened in West Branch during his birthday anniversary celebration was more typical of America than the visit the former President had with his old schoolboy chums.

No doubt this was a day bathed with reverent memories for Mr. Hoover and in the spirit of the hour from millions of Americans came unuttered greetings and best wishes.

### P-D Versus Dior

America is rapidly losing faith in France. First it was the backup in Indo-China. Now it is Christian Dior, the Paris dress designer who proposes to recreate curveless, dull-looking women of the 'twenties. It seems that the French are trying to put everything out of their lives and get the world to go along with them. The St. Louis Post-Dispatch, quick and ever watchful for the country's well-being, has warned M. Dior that America does not wish its curves reconstructed and advised him to stay by the old reliable but simple policy of changing style by "lowering a dress at one end and adding on to it at the other."

### Landing The Big One

Every angler dreams of the day he will hook a fish so big he can't handle him, a dream that seldom comes true. But it finally happened to a St. Ives, England, fisherman who was working a stream from the concealment of a copse of trees on the bank. When his float went under and didn't come up he struck hard and found he was in for the battle of his life and a losing one. Instead of the fish coming to him he finally went to the fish, but it wasn't a fish. A downstream cow cooling off in the shallow water thought the pretty float might be something good to eat and had calmly swallowed it along with 50 feet of line.

### Prophetic?

When Syngman Rhee, our Korean friend, addressed a joint session of Congress, he stood before the microphone on a platform that was a pop bottle case. We don't know whether that was prophetic or not. But he probably thought so the next day when Eisenhower told him the U.S. did not intend to put any weight in his Korean armament plan. From our point of view, Rhee's unification is going to be strictly a soft-drink affair.

## John Landy's Heel

In the month of August, let it be written that John Landy's heel becomes a matter of international concern.

Did he or did he not match strides with Britain's Roger Bannister in the Empire games in Vancouver last Saturday while handicapped with a gash on the heel requiring four stitches to close it? The evidence grows that this bonnie lad from the land way down under, Australia, actually did race an equally gallant competitor while nursing a very painful, punishing cut foot but out of the spirit of knightly sportsmanship, insisted that the secret be kept and that there be no mention of his handicap.

If true, here is the stuff of which heroes are made. No excuses for defeat, no alibis for a failure which followed travels taking him more than halfway around the world. There is the thrill of athletic competition in the very highest sense. So far as the race itself was concerned, a race which for the first time brought together two men who had achieved a long-held dream of all athletes of completing a mile in less than four minutes, there were no apologies necessary for either Landy or Bannister. Landy led virtually all the distance until the 100-yard stretch, and then wilted slightly under the burst of speed that Bannister flashed. But again, both men had run a mile in less than four minutes.

To cap it all, here comes a story of Landy's remarkable gallantry in refusing to take anything away from Bannister's victory by revealing that he, Landy, had raced all that distance upon a foot which must have pained him.

## As A Matter Of Policy

Big. Gen. Herbert D. Vogel, nominated recently by President Eisenhower to succeed Gordon Clapp as head of TVA, was testifying Monday before a group of senators questioning the appointee. Gen. Vogel told the senators he "much would prefer" to have TVA itself build plants to supply the valley's power needs. The administration plan, contained in legislation approved by this Congress, to buy power from a private utility in the Memphis area, Gen. Vogel chose to think, was a development simply to meet an emergency. He expressed himself that he did not

believe this should become a matter of policy. There you are.

Actually the legislation adopted by Congress not only provides enabling steps for one private power company to supply TVA electricity, but it sets up the pins for three more. That is the result of language inserted in the bill while the bill was in conference.

Since Gen. Vogel's confirmation is a foregone conclusion we can only hope that instead of permitting Congress to mess up TVA, the general gets his blood pressure up and fights to preserve it.

## That Little Two-Room House

The state of Iowa and more particularly the people of West Branch (pop. 769) did themselves proud in celebrating the 80th birthday of former President Herbert Hoover. That is one of the really wonderful attributes of America. People may differ and differ sharply politically but in the expression of

## Of Men And Things

By J. E. LAWRENCE

The paramount question posed by the compromise farm bill which emerged from the protracted battle in the United States Senate can be stated very simply as it affects the American farm homes, including 100,000 in Nebraska: Is what has been done the beginning or the end of a determined effort to kick the feet out from under farm commodity prices? Will Benson and back of Benson, President Eisenhower, in the next session of Congress renew the right to substitute supports based upon 75 per cent of parity instead of 90 per cent? Or will they go the whole road in abandoning the price support program?

What emerged from the tightly drawn, spirited Senate battle was a compromise, usually the essence of any legislative struggle where the chips are down. Secretary Benson and the President asked Congress for a flexible program of supports ranging from 75 to 90 per cent of parity, instead of the rigid formula of 90 per cent of parity which has been in force for years. Naturally in

matters of this kind, weighing the views long expressed by Secretary Benson, the minimum provided for by law becomes the maximum. We can expect Mr. Benson if he runs true to form to establish a support program of 82½ per cent of parity instead of 90 per cent. On the basis of previous utterance and decision, the "in between" 82½ per cent and 90 per cent simply does not count. Now, the issue actually back of all discussion is: will Secretary Benson, having asked for 75 per cent instead of 82½ per cent of parity as a part of a flexible price support system, be satisfied with the less that Congress gave him? Or having gotten his foot in the door, will he continue to battle on to knock down the support price when a new Congress convenes, or going all the way, will he come up with the proposal to abandon price supports in order to get rid of the surpluses of farm commodities he criticizes?

Fortunately the answer does not lie entirely with Mr. Benson. The common experience of the American farmer—and not only the farmer but most of us—is that when we suffer a drop in income, ordinarily we undertake to offset that loss by increased activity, meaning in the case of the farmer, increased production. And that is the buzz saw Brother Benson is going to encounter. Any man smart enough to be secretary of agriculture should be smart enough to recognize that in a very human sense, the farmer, getting less for what he produces, will attempt to span the gap in income by producing more.

Nebraska's two senators, Eve Bowring and Sam Reynolds, occupying seats in the United States Senate by virtue of appointment by Gov. Bob Crosby, both voted for the compromise flexible price support bill. Their votes, this newspaper feels deeply, were against the interests of the wheat and corn growers of this state, and no less against the pocketbook interests of the people of Nebraska. Their votes were a foregone conclusion before the count was taken. Had they voted for 90 per cent of parity for Nebraska farmers, it would have changed the result from 49-to-44 to 47-to-46, still not enough in itself to change the result although there always was the possibility that a more tightly drawn struggle could have seen others change position.

The farmer who already has experienced a decline in income faces one great question which hangs like an awesome shadow over him and his family. Is this the end or only the beginning of the battle to knock out the farmer's price support program? Or can he intelligently place faith in an administration which at Kasson in the course of the campaign of 1952, expressed full support for a price support program based upon 90 per cent of parity and went even further to suggest it should be 100 per cent of parity?

Editor's Note: Joseph C. Harsch, Washington commentator for the Christian Science Monitor, saw in the recent Senate controversy over atomic power no more than another resolute battle between age-old public-ownership - private-ownership forces without victory. The issue, as usual, did not follow party lines. Harsch's analysis follows:

The surprising thing about the great July filibuster in the United States Senate on atomic energy is not that it lasted so long but that it didn't last any longer.

It was ended not by a resolution of a deep and underlying conflict in the United States but by a negotiated truce between battle-weary leaders.

The end result of the 13 days of angry argument which split both parties down the middle was a compromise which defers but does not settle the great underlying question of whether atomic energy, unlocked and developed by taxpayers' money, belongs properly to all the people or is a proper area for the operation of private enterprise.

The original bill presented to a Congress by the Administration was a private-enterprise bill.

It was based on the political and philosophical premise that the exploitation of a natural resource for consumer use should be put in the hands of private enterprise regardless of the origin of the resource.

Opposition to the bill was based on the contrary political and philosophical premise, that where the resource originated, there it should reside.

One thing that stood out above all others during the debate was that here was a clash between two points of view so diametrically opposed that on each side there was a firm belief in a moral cause, and an almost total inability on either side to comprehend what the other was talking about.

The Administration side, supported by conservative Democrats, manifested a deep belief that there is superior morality in private as contrasted with public enterprise.

Spokesmen of the Administration saw no reason why the whole use of atomic energy for nonmilitary purposes should not be turned over to private companies to develop for profit.

Nor did there seem anything particularly to these men in the interim proposal to select a private-power group and give it a special and tax-free contract to pipe electric power into the TVA system.

On the other side were men who feel sincerely that there is something essentially immoral about turning atomic energy over to private enterprise for commercial exploitation when atomic energy was unlocked by the Government and at taxpayer expense.

Also they were shocked by the Administration proposal to select a single private company and give it a contract to produce power for TVA, with the Government paying the taxes.

This is an old issue which has been fought over many times before in many countries, including the United States, but this time it comes in slightly changed form.

Heretofore natural resources were things like oil or coal or gold or water; things which are there for anyone to find and anyone to develop who has the ingenuity and the resourcefulness.

This time the resource was not lying there for anyone to find and develop.

No pioneer, or explorer, or freebooter, or prospector went out and located a vein of atomic energy. It was located by the combined ingenuity of many of the world's greatest nuclear physicists brought together in the United States during the war for the purpose of achieving a new weapon.

In the course of this work they found something which may become the most valuable source of power in history.

## DREW PEARSON

### Author Of Dixon-Yates

### Contract Is 'Top Secret'

is supposed to be open to the public.

"Jim Hagerly (White House press aide) says we don't have to give out conversations between government officials," she shot back.

"Did we ask for any conversations?"

"The people who worked on the Dixon-Yates plan had to talk to each other," she bristled.

"We didn't ask for what they said to each other," Miss DePury was reminded. "We only want to know their identities."

"Why don't you ask President Eisenhower?" she suggested angrily, then withdrew the suggestion.

Washington — President Eisenhower's much-publicized order allegedly opening all government information to the public unless it involves national security is not doing so well.

Legitimate news is being hushed up just as much as ever. Here are two current cases:

1. **Reaction to McCarthy**—Last year the State Department sent cables to American embassies abroad asking the reason for the alarming slump in U. S. prestige and popularity abroad. Without exception, American ambassadors reported that the No. 1 reason was McCarthy.

Today those State Department reports are marked "top secret" and are not available to the press.

Furthermore, senators investigating McCarty will not be able to get them. They do not involve the security of the nation and under the official announcement made by the President should be available for publication. But they aren't.

2. **Author of Dixon-Yates contract**—One of the best-kept secrets in Washington is who is inside the Budget Bureau prepared the Dixon-Yates plans for a government-financed private power plant, with no competitive bidding, in the Tennessee Valley area.

It has hired some of the top ex-senators and law firms in the nation's capital to try to rush a bill through Congress to hand back the former Nazi cartels seized by the United States during the war.

The plan was worked out inside the Budget Bureau, and it is reported that a public utilities "expert" came in from the outside, worked a few weeks with the Budget Bureau, then went to work for Dixon-Yates.

Obviously this information has nothing to do with the security of the nation and, under White House rules, should be made public. However, when questions were asked at the Budget Bureau, he was a play-by-play account of what happened:

"We don't have a list of the people who worked on the Dixon-Yates plan," stated Virginia DePury, charming spokesman for the Budget Bureau.

"You could draw up a list," she was asked.

"No, that would be too much trouble."

"We'll be happy to do the work for you if you will simply authorize us to make the necessary inquiries," this column concluded.

"This is a public building," Miss DePury snapped. "You can go and ask around and ask any questions you want to wish."

"But everyone is afraid to talk," she was told. "They send me back to you. Now if you will let me say it is all right for them to talk, I can get the names without troubling you further."

Miss DePury refused.

"Are these names a matter of national security?" she was asked further.

"I don't know."

"It may be embarrassing to release the names of those who worked on the Dixon-Yates plan, but it certainly isn't a military secret," the lady was right.

"Under the President's directive, non-security information

(Continued on page 1, column 1)

WHEAT FOR RICE

A method by which our huge supplies of surplus wheat could be turned into rice to feed the Orient has been rediscovered by Dr. Francis Weiss, author of "Goods in the Bible."

Dr. Weiss points out that the method of turning wheat into rice was practiced in biblical times and is as simple as it is old—namely grinding the wheat grain, which makes it taste like rice. Known as "boulgar," it is cheaper than rice and has more nutritional value.

(Continued on page 1, column 1)

Spokesmen of the Administration saw no reason why the whole use of atomic energy for nonmilitary purposes should not be turned over to private companies to develop for profit.

Nor did there seem anything particularly to these men in the interim proposal to select a private-power group and give it a special and tax-free contract to pipe electric power into the TVA system.

On the other side were men who feel sincerely that there is something essentially immoral about turning atomic energy over to private enterprise for commercial exploitation when atomic energy was unlocked by the Government and at taxpayer expense.

Also they were shocked by the

Administration proposal to select a single private company and give it a contract to produce power for TVA, with the Government paying the taxes.

# Japan, Korea, Formosa, Philippines To Get Increased Military Aid-Wilson

...Free World To Be Bolstered

## U.S. Shows Concern On Jap Proposal

WASHINGTON (INS) — Defense Secretary Charles E. Wilson said Tuesday that the Indo-China truce will result in increased U.S. military aid expenditures in Japan, Korea, Formosa, and the Philippines.

The cabinet member told a news conference that the partitioning of Indo-China has created a situation which makes it necessary to bolster free world strength in Asia.

Wilson said: "I think without question we will spend more in Japan, Korea, Formosa, and the Philippines." He declined to estimate the amount of increase, but said the Army budget provision on aid to South Korea must be revised to provide for more immediate assistance.

### Other Points

On other points, Wilson told news-

men: "I am confident that the U.S. will seek to liberate the five American technicians who became prisoners of the Communists shortly before the Indo-China cease-fire went into effect. But he said the five men "went where they had no business going."

2. Reports that Army Secretary Robert T. Stevens may resign his Pentagon post and accept an ambassadorial post are "just gossip" and have no foundation in fact.

3. The Defense Department has no official interest in Sen. Joseph R. McCarthy's announcement that he intends to question officers involved in the promotion and honorable discharge of Maj. Irving Peress, alleged "Fifth Amendment Communist."

### Same Degree

4. He is unworried by a House subcommittee report asserting that Defense Department scientists believe their work is hampered by security restriction. Wilson added that security standards must apply in the same degree to scientists as to all other Defense Department personnel.

5. Under the Defense Department security program, Communists will be weeded out of laboratories just as they are being purged from labor unions.

Wilson said he believed that some scientists and other persons have failed to understand the importance of keeping U. S. secrets from the Russians, but he emphasized that the problem is not sufficiently widespread to cause him any worry.

## Garfield School's New Site Picked

Garfield School, District 113, will be moved to a new location about three blocks west of Bur-

lington Avenue and Q.

The site was decided upon by a vote of the people in the district following a special meeting of the school board.

The building now is located on the Raymond road and is in the traffic pattern of the Lincoln Air Force Base.

School Board Chairman Henry Brt Jr. said the federal government will appropriate money for the move.

Brt said the board hopes to have the school moved before the coming school term opens.

## U.S. Shows Concern On Jap Proposal

WASHINGTON (INS) — A high U.S. official expressed open concern as an official of the pro-American Liberal Party of Japanese Premier Shigeru Yoshida called on his government to consider a friendlier course with Communist China.

The dominant Liberal Party spokesman Hayato Ikeda, told Japanese newsmen the need to consider a shift in policy was due to American failure to contain Communism in Asia.

A ranking administration official viewed Ikeda's announcement gravely because of his position in the majority party, but said that Ikeda's position is not unknown in Washington.

### Wistful Hope

He indicated the U.S. would intensify its current efforts to assist Japan economically in a move to head off any further development of "the Ikeda neutrality" movement in Japan.

This official said the primary reason for Ikeda's beliefs apparently is the wistful hope that if Japan is friendlier toward China it could develop considerable foreign trade with an old customer.

He said that some Japanese had earlier expressed the view the U.S. should have pursued its campaign in Korea in an effort to "topple Red China and open the door for Japanese trade."

## USAF Unit Gives Iron Lung To City Of Nagoya, Japan

NAGOYA (Wednesday) (INS) — An American fighter-bomber squadron based at Komaki air installation near Nagoya formally presented an iron lung to the citizens of Japan's third largest city Tuesday in ceremonies at the Nagaoya National Hospital.

Members of the famous "Iron Knights" fighter-bomber wing had purchased the iron lung through CARE, the world-wide relief and rehabilitation agency.

### Starkweather Files Petition In Bankruptcy

Charles W. Starkweather of 944 Adams, electrician apprentice, has filed in Federal Court a petition in voluntary bankruptcy listing liabilities of \$3,677.01.

Listed liabilities are \$1,851.40 as secured claims; \$1,219.39 as unsecured claims; \$118.40 in taxes; and \$487.82 as rent having priority.

Unsecured claims of \$100 or more include Gold & Co., \$122; Federated Finance, \$620, and Green Loan Co., \$102.50. Petitioner's assets totaled \$767 with \$550 claimed as exempt.

reserves, upon that unit's arrival in San Diego to begin two

weeks of intensive summer training. (Marine Corps Photo)

## Five County Republicans Unopposed

Five Lancaster County candidates had no sweat, little if any campaign expense, and no election night jitters in running for re-election to office.

Unopposed in their campaign were four Republican incumbents and County Superintendent Glenn E. Turner who was unopposed for his fourth term in the non-political office.

Unopposed for the Republican nomination and also unopposed by any Democratic candidate was:

### Ninth Term

County Clerk J. B. Morgan, for his ninth term of office.

Morgan has served as clerk since 1922, and before that as deputy clerk.

County Treasurer Carl E. Berg, for his sixth term of office.

Berg has served as treasurer since 1936 when appointed to fill a vacancy.

County Assessor Arthur M. Davis, for his second term of office.

Davis has served as assessor since October, 1950, when appointed and then nominated for his first term by the Republican central committee.

County Surveyor Louis W. Weaver, for his sixth full term.

Weaver has served in the triple position of engineer, surveyor and highway commissioner since 1932.

### Woman On Probation For Forging Check

Joan Harding, 22, of 1334 O.

has been placed on probation for two years by the Lancaster District Court on a forged check charge.

She had pleaded guilty to uttering a forged \$20 check on

a Beatrice bank on July 28.

## Lincoln Marine Reservists Train

SAN DIEGO — Members of Lincoln's 36th Special Infantry Company, Marine Corps Reserve have entered the first of two weeks of summer training at the Marine Corps Recruit Depot here.

"We've been looking forward to this trip," said Capt. Robert H. Berkshire, commanding officer of the unit. "The men know it's going to be an activity-packed two weeks with the emphasis on training and all of us are prepared to return home as better Marines," he said.

The Nebraska unit joined another Leatherneck Reserve unit in the mock infantry battles, overnight combat problems and formal guard ceremonies. The second week of the training will be spent on the rifle range.

### William Finnigan Funeral Monday

Services for William P. Finnigan, 56, formerly of Lincoln, were held Monday in Los Angeles. He died at his home there.

Mr. Finnigan was past president of the Waiters Union.

Surviving are his wife, Grace; his mother, Mrs. Annie Finnigan of Lincoln; sisters, Mrs. Georgia Smith and Mrs. Alice Weiler, both of Lincoln, Mrs. Judy E. Fiala and Mrs. Ann Kentschy, both of Albuquerque, N. M.; Sister Mary Rita, BVM, of Chicago and Sister Mary Annata, BVM, of Dubuque, Ia., and brothers, James F. of Omaha, Thomas J. of Seattle, Wash., and Edward of San Francisco.

### Woman On Probation For Forging Check

Joan Harding, 22, of 1334 O.

has been placed on probation for two years by the Lancaster District Court on a forged check charge.

She had pleaded guilty to uttering a forged \$20 check on

a Beatrice bank on July 28.

## Russ Given A-Pool 'Yes' Or No' Choice

WASHINGTON (F) — Secretary of State Dulles said Tuesday Russia has been requested to give a final yes-or-no answer on whether it will join the United States in setting up a pool of atomic materials for "life-giving purposes" throughout the world.

Dulles disclosed this latest move by the United States at a news conference where he assailed Russia's attitude, expressed in an April 27 note, as "99 per cent negative."

"We have in substance asked the Soviets whether they wish it to be treated as 100 per cent negative," he said.

Russia's refusal to accept the plan first proposed by Eisenhower last Dec. 8 will not kill the project, he said. The United States is now going ahead, expecting a final Soviet turn-down, to draft a program which other countries will be asked to support.

The plan will be open, he said, both to nations which can contribute fissionable materials to such a pool and to those "have not countries" who might benefit.

### Entry Visas Denied

VIENNA, Austria (AP) — Radio Warsaw said the American consul in Warsaw has refused entry visas to two Polish priests who were invited to the Assembly of the World Council of Churches, Aug. 13-21, in Evanston, Ill. The broadcast identified them as Karol Bepila, bishop of the English Lutheran Church in Poland, and a priest, Dr. Viktor Minczyk.

# 'Misuse Of Power' Hoover Charges

... 80th Birthday Party Occasions Attack On Demos

WEST BRANCH, Ia. (AP)—For President Herbert Hoover said Tuesday that presidential "misuse of power" during the 20-year tenure of the Democrats assisted the Soviets, damaged the United States, and contributed to the enslavement of millions.

These unrestrained presidential actions he said, have resulted in shrinking of human freedom over the whole world.

Hoover made the statement in a speech delivered during ceremonies marking his 80th birthday.

He came home for the event, back to West Branch, which now has a population of 769. Its chief feature is the gleaming white, two-room cottage where Hoover was born Aug. 10, 1874.

Hoover came from California. At the end of the journey, he went directly to the cemetery, and stood beside the graves of his father, who was the village blacksmith, and his mother, a Quaker school teacher. His two sons, grandchildren and great-grandson were with him.

## Dedicates School

Next he dedicated an elementary school—the 31st in the nation to bear his name. And then entered the little cottage where he was

Hoover Celebrates

Former President Herbert Hoover smiles faintly as he begins a series of activities celebrating his 80th birthday. He was feted at West Branch, Ia., his birthplace (AP Wirephoto).

## Voters To Decide Omaha Park Issue

OMAHA (AP)—The City Council agreed Tuesday to submit to Omaha voters Nov. 2 the proposition of boosting taxes 1½ mills for a multi-million dollar park and recreation development program.

The council also approved a request to put a five million dollar sewer improvement bond issue on the same ballot. However, an ordinance must be prepared and passed before the sewer measure officially would be up for a vote.

The proposed eight-year park and recreation development program would include swimming pools, golf courses, tennis courts and shelter houses. The sewer bonds would be issued at the rate of a million dollars a year for five years.

## Atomic Plant Workers Call For Walkout

PADUCAH, Ky. (AP)—Production workers voted Tuesday to strike Thursday.

The strike is expected to spread to the atomic plant at Oak Ridge, Tenn., unless current negotiations there bring a new contract.

The Paducah local of the CIO United Gas, Coke and Chemical Workers pulled out of the negotiations Monday. A strike vote was called Tuesday.

Figures on the secret balloting were not announced but union spokesmen said workers voted by "a substantial majority" to strike.

### 930 Workers

Carbide and Carbon Chemicals Co. operates the plant here and at Oak Ridge. The Paducah plant employs about 930 production workers.

Contract talks broke off last April 15. The Atomic Energy Labor Relations Panel took over and recommended a raise of six cents an hour. It was rejected and the union went on strike and set up picket lines. Carbide supervisory employees kept the plant going for three days until the workers accepted truce terms recommended by their international union and returned to work.

The Paducah local has not announced what pay raise it is expecting. The union has asked for a "substantial and justified" raise.

## F St. Park Named For J. H. Cooper

Lincoln's old F Street Park, located between 6th and 8th streets from D to F streets, has been rebuilt into the city's newest and most modern park and playground.

To fit its new face, the park has a new name—the Joseph H. Cooper Playground. Funds to finance the remodeling job were given by the Cooper Foundation, the charity organization Cooper set up before his death in 1946.

Incorporated in the playground are such features as an all-purpose concrete area for winter ice-skating, summer tennis, roller skating, dancing, dog training classes etc., a special play area for small children, baseball and softball diamonds and shelter.

**Northwest Angus Tour Planned Near Gordon**

GORDON, Neb. — The sixth annual Northwest Nebraska-Audieen Angus Association tour has been scheduled for next Sunday, Aug. 15.

The tour will leave Gordon at 9 a.m. and will make its first stop at the Art Johnson ranch north of Gordon. Other stops will include the ranches of Myron Jacobson, C. S. Jeinek, Bert Elwood and Jim Schauenseen. Bill Derrick, Extension Animal Husbandman of the University of Nebraska will be master of ceremonies and will conduct interviews with ranchers on the tour.

## Crash Victims 'Good'

NORTH BAY, Ont. (CP)—Dr. J. E. Joyal, North Bay surgeon, physician who served several years as a consultant on the Duonine quintuplets, said there is no sign of epilepsy among the four surviving quintuplets.

"I stated that the result of our assistance would be to spread communism over the whole world."

"I urged that if we stood aside the time would come when we could bring lasting peace to the world."

"I have no regrets. The consequences have proved that I was right."

## Internal Situation

Hoover then turned to the internal situation in the United States. He said "socialism" was the entering wedge in America for the Communists. But he declared:

"The rank and file of our people are immune from this infection. The recruiting grounds for their ranks are from our minority of fuzzy minded intellectuals and labor leaders."

Hoover tore into the Socialists, nittin' at the phrases "welfare state," "planned economy" and "security from the cradle to the grave."

"They paralyze freedom and individual initiative, he said.

## France's Chief Gets 2 Boosts

... Confidence Voted

PARIS (AP)—The French National Assembly gave Premier Pierre Mendes-France two rousing votes of confidence on major issues Tuesday. One approved his sweeping economic plans and the other granted him a postponement of debate on Tunisia and Morocco.

"Our tacit alliance with Soviet Russia spread communism over the earth."

"Our acquiescence in the annexation by Russia of the Baltic states at Moscow, and the partition of Poland at Tehran which extinguished the liberties of tens of millions of people."

"Worse still was the appeasement and surrender at Yalta of 10 nations to slavery."

Hoover said he would not argue the legalisms of such actions.

But, he said, "the real issue is whether the president . . . can commit the American people to foreign nations without the specific consent of the elected representatives of the people."

Hoover said he had protested "the most dangerous of our foreign political policies" during the same 20-year period. He fought against those courses of action that led the United States into the second world war, he said.

'All-Time Jest'

And in June 1941, he continued, he opposed giving any assistance to the Russians after Hitler attacked them. "I urged that the gargantuan jest of all time would be our giving aid to the Soviet government."

"I urged we should allow these two dictators to exhaust each other."

"I stated that the result of our assistance would be to spread communism over the whole world."

"I urged that if we stood aside the time would come when we could bring lasting peace to the world."

"I have no regrets. The consequences have proved that I was right."

Internal Situation

Hoover then turned to the internal situation in the United States. He said "socialism" was the entering wedge in America for the Communists. But he declared:

"The rank and file of our people are immune from this infection. The recruiting grounds for their ranks are from our minority of fuzzy minded intellectuals and labor leaders."

Hoover tore into the Socialists, hitting at the phrases "welfare state," "planned economy" and "security from the cradle to the grave."

They paralyze freedom and individual initiative, he said.

## Atomic Plant Workers Call For Walkout

PADUCAH, Ky. (AP)—Production workers voted Tuesday to strike Thursday.

The strike is expected to spread to the atomic plant at Oak Ridge, Tenn., unless current negotiations there bring a new contract.

The Paducah local of the CIO United Gas, Coke and Chemical Workers pulled out of the negotiations Monday. A strike vote was called Tuesday.

Figures on the secret balloting were not announced but union spokesmen said workers voted by "a substantial majority" to strike.

930 Workers

Carbide and Carbon Chemicals Co. operates the plant here and at Oak Ridge. The Paducah plant employs about 930 production workers.

Contract talks broke off last April 15. The Atomic Energy Labor Relations Panel took over and recommended a raise of six cents an hour. It was rejected and the union went on strike and set up picket lines. Carbide supervisory employees kept the plant going for three days until the workers accepted truce terms recommended by their international union and returned to work.

The Paducah local has not announced what pay raise it is expecting. The union has asked for a "substantial and justified" raise.

## Longtime Member Of Library Board Resigns

Lincoln Star Special

ULYSESSES, Neb.—After serving for 24 years on the Ulysses township library board, Mrs. Carl Diers has resigned due to illness. Mrs. Charles Woodruff was appointed to fill the vacancy.

Incorporated in the playground are such features as an all-purpose concrete area for winter ice-skating, summer tennis, roller skating, dancing, dog training classes, etc.; a special play area for small children; baseball and softball diamonds; and shelter.

NORTHWEST ANGUS TOUR PLANNED NEAR GORDON

GORDON, Neb.—The sixth annual Northwest Nebraska Aberdeen Angus Association tour has been scheduled for next Sunday, Aug. 15.

The tour will leave Gordon at 9 a.m. and will make its first stop at the Art Johnson ranch north of Gordon. Other stops will include the ranches of Myron Jacobson, C. S. Jelinek, Bert Elwood and Jim Senhausen.

Bill Derrick, Extension Animal Husbandman of the University of Nebraska, will be master of ceremonies and will conduct interviews with ranchers on the tour.

CRASH VICTIMS 'GOOD'

ROBERT WRAY and Miss Gladys Kozisek, both of 1216 K, were reported in "good condition" at St. Elizabeth's Hospital after suffering injuries in a two-car collision at 14th and L. Another injury victim, Eugene Dettener of 3241 No. 10th was released.

Ruth L. Barron, 31, of 1408 No. 26th, was injured Tuesday morning in a car-pedestrian accident at 19th and Y.

Driver of the car was Tim R. Reynolds, 23, of 529 So. 14th.

Mrs. Barron is reported doing fine at St. Elizabeth where she is undergoing treatment.

# Sharp Decrease In Corn Crop Estimate Reflects July Drought

## Ag Expert Says Recent Rains Too Late For Boosting Yields

By the Associated Press

Corn in Nebraska "took a beating" in July.

This was the comment of State-Federal Agricultural Statistician K. E. Logan Tuesday, as the U.S. Department of Agriculture issued its monthly crop report.

From 233,000,000 bushels on July 1 the estimate of Nebraska's 1954 corn crop dropped to 171,350,000 bushels on Aug. 1.

The per-acre figure slumped from 34 bushels to 25 bushels.

**Biggest July Slump**

This was the sharpest July drop in a Nebraska corn estimate that any one in the crop reporting office here could recall.

"Days of over 100-degree temperature, and no rain, are what it is," Logan commented.

In 1934, he recalled, the hot, dry weather hit before July, so the corn never really made any growth that year.

And in 1947, the siege of torrid weather hit the state after Aug. 1.

But despite the heat and other adverse conditions, dry land corn held up remarkably well and its color is good, Logan pointed out. Rain, which has fallen since Aug. 1, will increase the value of the plants for silage and forage, even if it did fall too late to add to the yield of grain, he added.

"The ears may be shorter than usual, but with good weather from now on, there is still time to make a pretty good crop," Logan continued.

The rain and accompanying cooler weather came at a critical time as the corn was finishing

ripening and pollination, he added.

The Nebraska wheat harvest also declined a bushel and a half an acre during July, from 21.5 bushels to 20 bushels per acre.

"Some of the western wheat did not turn out the way it was expected to. And in the north it didn't weigh out very well in some instances. So it is pretty chaffy," Logan said.

The winter wheat crop is forecast at 61,960,000 bushels, a five-million-bushel drop from the forecast of 66,697,000 bushels forecast as of mid-July.

The high temperatures and hot winds covered a broad belt from the southwestern portion of the state, east northward to the Elkhorn valley, where high temperatures July 11 reached 110° in parts with a maximum of 116° at Broken Bow and Gothenburg. But through most of the month the story was hot dry weather.

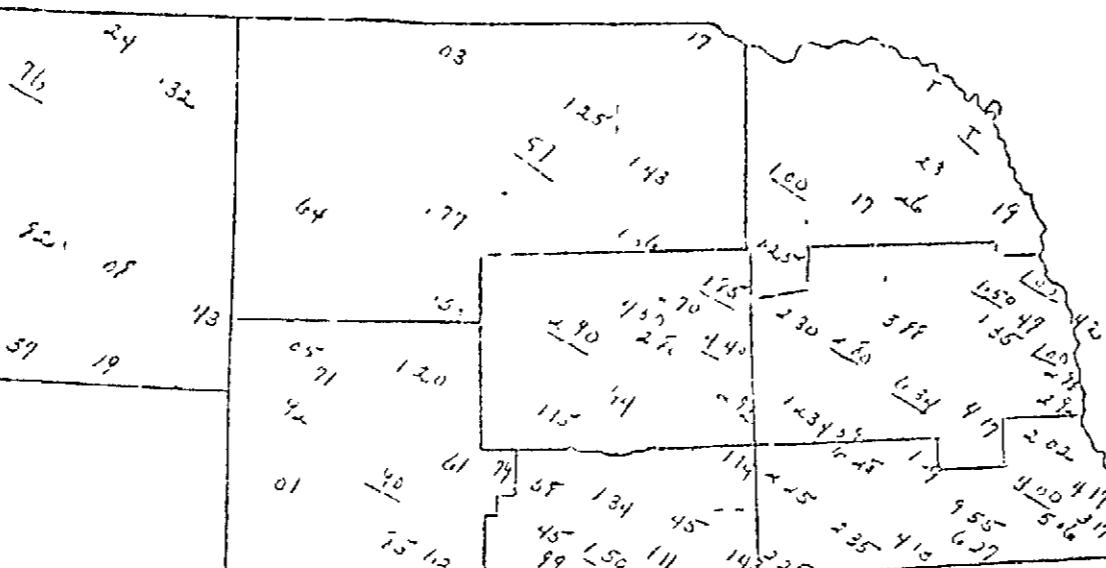

**Slight Drop**

The USDA forecast called for a 31-bushel per acre corn crop of 75,144,000 bushels. This compared with a forecast of 32 bushels per acre or a total yield of 77,568,000 bushels as of July 1 conditions.

Rye production was forecast at 10 bushels per acre or 1,550,000 bushels compared with 10.5 bushels per acre or 1,628,000 bushels a month ago.

Sorghum grains were estimated at 16 bushels per acre and 4,160,000 bushels. This crop had not been forecast earlier.

Dry beans were forecast at 1,700 pounds per acre and 1,426,000 bags of 100 pounds unchanged from last month.

## Rains Welcome Although Late For Corn Crop

Welcome rains fell during the past week in most areas of Nebraska. Seward County received the unofficial maximum of 6.34 inches.

The middle tier of counties in the central and eastern areas of the state got the benefit of the greatest rainfall. Although the rains could not be described as "crop-saving," the monsoon was a great benefit to pasture lands. (Star Map)

## Stephen Cox Still Listed As Critical

VALENTINE, Neb. (AP)—One of seven persons still hospitalized here as the result of a two-car crash Sunday was listed in critical condition for the third day Tuesday.

Three persons were killed in the traffic accident which occurred four miles west of Valentine.

Stephen Cox, 16, El Cajon, Calif., remained in critical condition with the other six persons listed as improved. Tommy Robeson, 5, and Mary Ann Robeson, 2, were dismissed from the hospital Tuesday.

## Weather Ahead

Extended forecast for Nebraska.

Temperatures will average below normal Wednesday through Sunday. Normal high temperatures are near 88 and normal lows near 60. Cool Thursday and Friday and again by Sunday. Precipitation is expected to average 1 to 2 inches in east and about 1 inch in west portion. Showers Wednesday and Thursday and again by Saturday.

# Sharp Decrease In Corn Crop Estimate Reflects July Drought

## Ag Expert Says Recent Rains Too Late For Boosting Yields

By the Associated Press

Corn in Nebraska "took a beating" in July.

This was the comment of State-Federal Agricultural Statistician K. E. Logan Tuesday as the U.S. Department of Agriculture issued its monthly crop report.

From 233,000,000 bushels on July 1, the estimate of Nebraska's 1954 corn crop dropped to 171,350,000 bushels on Aug. 1.

The per-acre figure slumped from 34 bushels to 25 bushels.

### Biggest July Slump

This was the sharpest July drop in a Nebraska corn estimate that any one in the crop reporting office here could recall.

"Days of over 100-degree temperature, and no rain, are what did it," Logan commented.

In 1934, he recalled, the hot, dry weather hit before July, so the corn never really made any growth that year.

And in 1947, the siege of torrid weather hit the state after Aug. 1.

But despite the heat and other adverse conditions, dry land corn held up remarkably well and its color is good, Logan pointed out. Rain which has fallen since Aug. 1 will increase the value of the plants for silage and forage, even if it did fall too late to add to the yield of grain, he added.

**The ears may be shorter than usual, but with good weather from now on, there is still time to make a pretty good crop," Logan continued.**

The rain and accompanying cooler weather came at a critical time as the corn was finishing

tasseling and pollination, he added.

The Nebraska wheat figure also declined a bushel and a half an acre during July, from 21.5 bushels to 20 bushels per acre.

"Some of the western wheat did not turn out the way it was expected to. And in the north, it didn't weigh out very well in some instances. Some was pretty shabby," Logan said.

The winter wheat crop was forecast at 61,960,000 bushels, a five million bushel drop from the forecast of 66,607,000 bushels forecast as of conditions July 1.

The high temperatures and hot winds covered a broad belt from the southwestern portion of the state, east northeastward to the Elkhorn valley, where high temperatures July 1 reached 110 or better with maximum of 116 at Broken Bow and Gothenburg.

But through most of the month the weather was hot dry weather.

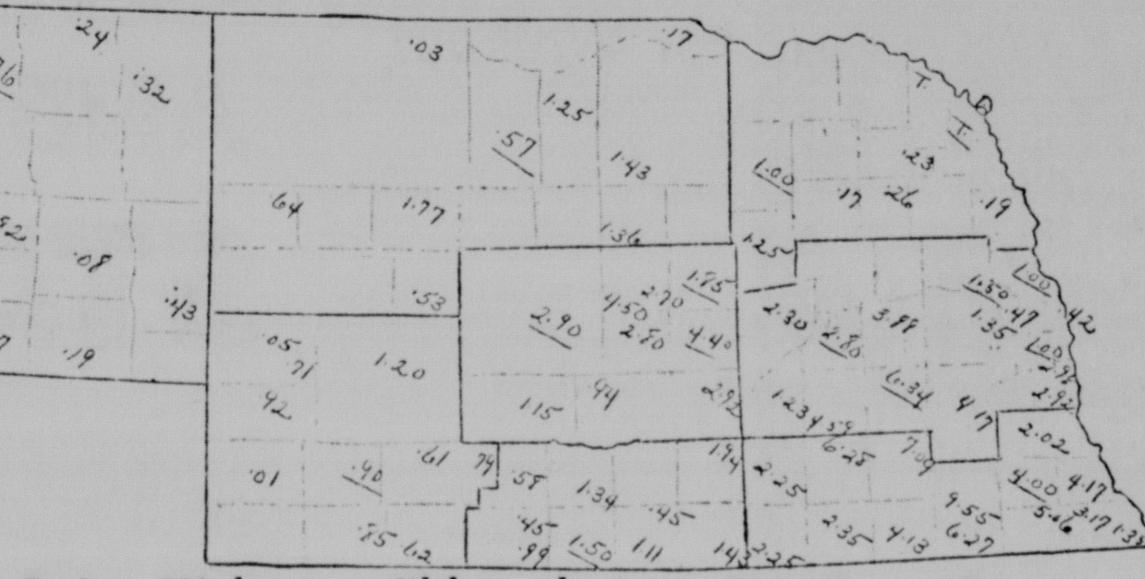

### Slight Drop

The USDA forecast called for a 31-bushel per acre oat crop or 154,000 bushels. This compared with a forecast of 32 bushels per acre or a total yield of 77,568,000 bushels as of July 1 conditions.

Rye production was forecast at 10 bushels per acre or 1,550,000 bushels compared with 16.5 bushels per acre or 1,628,000 bushels a month ago.

Sorghum grains were estimated at 16 bushels per acre or 4,160,000 bushels. This crop had not been forecast earlier.

Dry beans were forecast at 1,700 pounds per acre and 1,326,000 bags of 100 pounds unchanged from last month.

### Rains Welcome Although Late For Corn Crop

Welcome rains fell during the past week in most areas of Nebraska. Seward County received the unofficial max-

imum of 6.34 inches. The middle tier of counties in the central and eastern areas of the state got the benefit of the

greatest rainfall. Although the rains could not be described as "crop-saving," the moisture was a great benefit to pasture lands. (Star Map)

### Prospects For Irrigated Area Remain Good

Deterioration of Nebraska's corn crop throughout most of the major producing areas was halted by last week's timely precipitation, the State-Federal Division of Agricultural Statistics said Tuesday in the weekly crop-weather report.

At the same time, it was pointed out that the rains came too late to increase the yields of crops damaged in the severe drought conditions existing over the state in July.

"The southwest and some local spots elsewhere continued dry, and soil moisture is inadequate for plant growth," the weekly report said.

There is considerable corn that has been damaged beyond recovery for grain production, but much of this can be utilized for silage, fodder or pasture.

Approximately 89 per cent of the corn had tasseled by the close of the week, and the rain, together with lower temperatures, will be a favorable factor for fertilization.

The bureau said corn under irrigation continues to show excellent prospects for high yields, while dry land corn has held up remarkably well considering the high temperatures and lack of rain in July.

Hail destroyed a considerable acreage of crops in Fillmore and Thayer Counties last week.

Sorghums will show improvement in areas where rains occurred. Most of the grain varieties are heading and should produce fair to good yield.

Soybeans continue in good condition.

### Fund Started For Whitman Ranch Family

**T**HEDFORD, Neb. (AP) Townspeople here are raising funds this week to aid the three remaining members of the Calvin Owens family, after the father and son were burned fatally when their ranch house 20 miles north of Whitman was destroyed by flames.

Owens and his son, Douglas, 6, died in an Alliance hospital a few hours after a gas line exploded in their home.

Mrs. Owens, a 3-month-old daughter and a 3-year-old son escaped from the flaming structure through a window.

### Arcadia Reports Suspect Case Of Polio As GG Shots Continue

**L**OUPE CITY, Neb. (AP) — A suspect case of polio was reported Tuesday in Arcadia, where 14-year-old Dickie Coons died from the disease. Meanwhile, children from the Arcadia area continued to line up outside the doors of Loupe City doctors, waiting for gamma globulin shots.

Arthur Ray, 19, was hospitalized here as a possible victim of polio, but his case had not been fully diagnosed Tuesday. He is the son of Mr. and Mrs. Charles Ray of Arcadia.

The number of Arcadia children who have received gamma globulin inoculations rose to more than 200 Tuesday with a new shipment of the drug arriving from Grand Island early in the day.

Arcadia became the third Nebraska town this summer to demand mass GG shots in an attempt to prevent the further outbreak of polio.

The other two towns were Broken Bow, 29 miles away, and Ansley, 23 miles away.

# Father Dies In Futile Attempt To Save 2 Children

Mother Is  
Lone Fire  
Survivor

OMAHA (AP)—A 57-year-old father died Tuesday in a futile attempt to rescue his two children from their burning Omaha home.

Peter Birosik died of burns and suffocation, while his son, Mickey, 4, and daughter, Kay, 5, died of suffocation, Battalion Fire Chief Frank Conry said.

Mrs. Birosik was pushed to safety through a window by her husband and escaped injury.

Capt. Dan Mulcahey of the arson squad said the fire apparently resulted from a cigarette which fell into a sofa.

Escaped Via Window

Conry said Mrs. Birosik woke up to discover the house on fire. She awakened her husband, who boosted her to safety through a window, then she shouted he was going to get the children.

Mrs. J. R. Britton, who lives across the street, said she noticed a glow and flickering in the Birosik home. She awakened her husband and he notified the fire department.

Dr. Britton then rushed to the basement garage of the Birosik home and made his way through smoke up the basement steps.

Door Locked

Dr. Britton told Mulcahey he could hear Birosik moaning, but the door leading to the house was locked and couldn't be opened.

When firemen arrived, they discovered the bodies of Birosik and Mickey near the back door. Kay's body was found in her bedroom near a window.

The parents and the boy had rooms in the back of the house, while that of the little girl was in the front close to the scene of the fire.

Conry said the fire apparently had been under way for some time before it was noticed. Heat from the blaze melted tile off the bathroom and the phone which was on a wall. The blaze badly damaged the front room while the rest of the house suffered from heat and smoke damage.

Driver Fined In Fatal Auto Crash

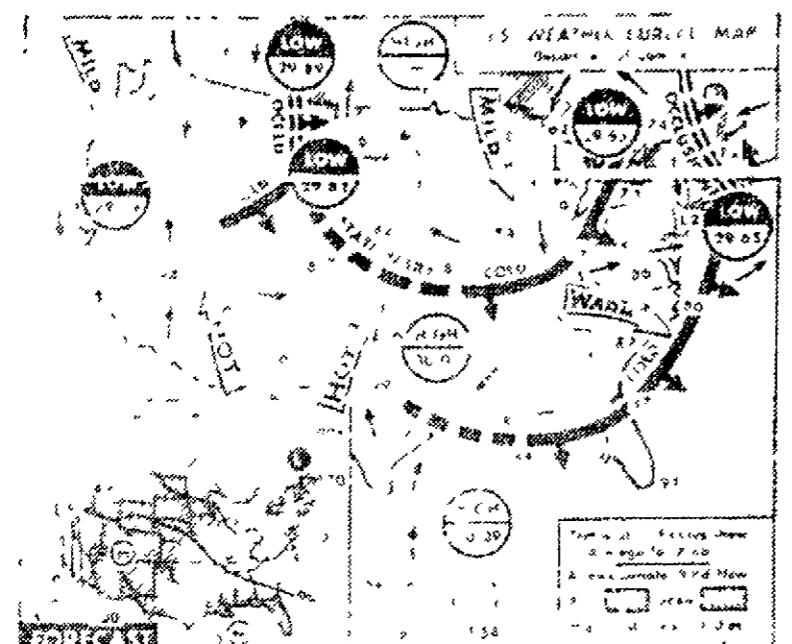

CENTRAL CITY, Neb. (AP)—The driver of one of two cars in a crash which killed Fred W. Meyer, 75, of Grand Island, was fined \$25 and costs for running a stop sign.

The driver, Andi Madison, 30, of Chapman, pleaded innocent in Merrick County Court but was found guilty by Judge Park Young.

The court action followed completion of an inquest by County Attorneys Stanley Toron.

Never, president of Fanacies Dairy Farm, Inc., was killed instantly in the two-car crash at a Merrick County road intersection four and a half miles east of Grand Island.

His widow and Donald Madison, a passenger in the Madison auto, remained hospitalized at Grand Island Tuesday.

## Ike Considering Visit To Nebraska

WASHINGTON (AP)—The White House said Tuesday that President Eisenhower is considering a visit to Nebraska this fall.

James C. Hagerty, presidential press secretary, was asked at a news conference about a statement by Gov. Robert B. Crosby of Nebraska that Eisenhower had accepted an invitation to visit the state.

Hagerty replied an invitation has been received and the matter is under consideration.

## LeMay To Relate Mission Of SAC

OMAHA (AP)—Gen. Curtis E. LeMay, commander of Strategic Air Command, will brief delegates to the Air Force Assn. convention Aug. 20 on the 10th mission of SAC, Arthur C. Stoltz, convention chairman, announced.

Gen. LeMay will be assisted by Maj. Gen. Archie Old, SAC operations director, and Col. Edward M. Nichols Jr., chief of staff, control division.

The convention will open Aug. 19 with a luncheon and a major airpower symposium on "Security in the Hydrogen Age."

Gen. Nathan F. Twining, Air Force chief of staff, will deliver the major address at the luncheon. The symposium will be moderated by Gen. James H. Doolittle, World War II hero and medal of honor winner.

The contribution will make possible the construction of two modern class room buildings in addition to a third structure to be known as Gignilliat Memorial Hall.

## Big Rush To Vote Costs Terry Fine

NORTH PLATTE, Neb. (AP)—With his primary election campaigning behind him, Terry Carpenter apparently could hardly wait to get home to Scottsbluff to cast his vote.

Carpenter, a candidate for the full term Senate seat, was arrested here for speeding by safety patrolmen.

He was brought before Municipal Court a short time later, where he pleaded guilty. The judge fined him \$10 and costs and sent him on his way.

Carpenter arrived in Scottsbluff in plenty of time to beat the 8 a.m. MST opening of the polls.

## Culver Given Big Gift From Eppley

CULVER, Ind. (AP)—Culver Military Academy announced Tuesday that Eugene C. Eppley, Pittsburgh and Omaha hotelman, has made a million dollar gift to the institution to finance construction of a memorial to the late Gen. L. F. Gignilliat, former superintendent of the academy.

Eppley received his early education at Culver and was a long personal friend of the former superintendent.

The contribution will make possible the construction of two modern class room buildings in addition to a third structure to be known as Gignilliat Memorial Hall.

# Father Dies In Futile Attempt To Save 2 Children

## Mother Is Lone Fire Survivor

OMAHA (AP)—A 57-year-old father died Tuesday in a futile attempt to rescue his two children from their burning Omaha home.

Peter Biroscik died of burns and suffocation, while his son, Mickey, 4, and daughter, Kay, 5, died of suffocation, Battalion Fire Chief Frank Conry said.

Mrs. Biroscik was pushed to safety through a window by her husband and escaped injury.

Capt. Dan Mulcahey of the arson squad said the fire apparently resulted from a cigarette which fell into a sofa.

### Escaped Via Window

Conry said Mrs. Biroscik woke up to discover the house on fire. She awakened her husband, who boosted her to safety through a window, then he shouted he was going to get the children.

Mrs. J. R. Britton, who lives across the street, said she noticed a glow and flickering in the Biroscik home. She awakened her husband and he notified the fire department.

Dr. Britton then rushed to the basement garage of the Biroscik home and made his way through dense smoke up the basement steps.

### Door Locked

Dr. Britton told Mulcahey he could hear Biroscik moaning, but the door leading to the house was locked and couldn't be opened.

When firemen arrived, they discovered the bodies of Biroscik and Mickey near the back door. Kay's body was found in her bedroom near a window.

The parents and the boy had rooms in the back of the house, while that of the little girl was in the front close to the scene of the fire.

Conry said the fire apparently had been under way for some time before it was noticed. Heat from the blaze melted tile off the bathroom and the phone which was on a wall. The blaze badly damaged the front room, while the rest of the house suffered from heat and smoke damage.

### Driver Fined In Fatal Auto Crash

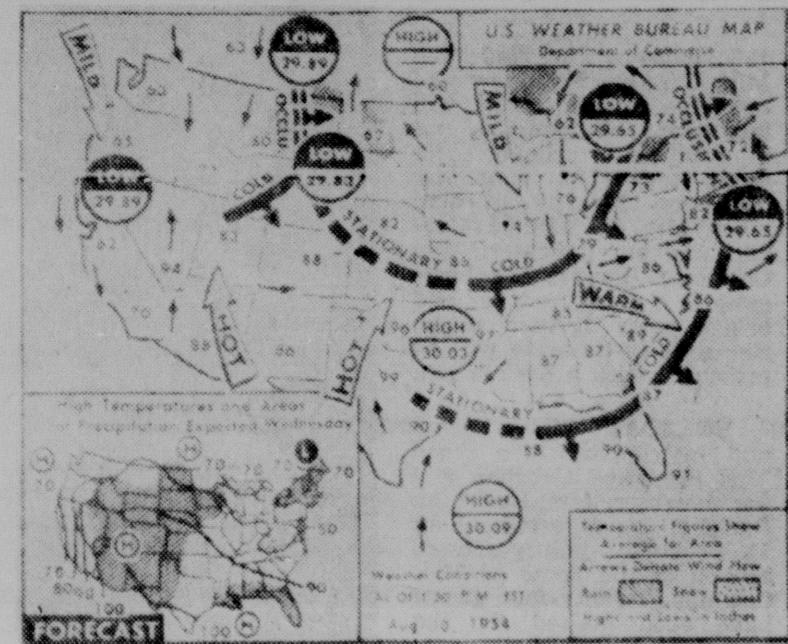

CENTRAL CITY, Neb. (AP)—The driver of one of two cars in a crash which killed Fred W. Meyer, 75, of Grand Island, was fined \$25 and costs for running a stop sign.

The driver, Andy Madison, 30, of Chapman, pleaded innocent in Merrick County Court but was found guilty by Judge Park Young.

The court action followed completion of an inquest by County Attorney Stanley Torpin.

Meyer, president of Fairacres Dairy Farm, Inc., was killed instantly in the two-car crash at a Merrick County road intersection four and a half miles east of Grand Island.

His widow and Donald Madison, a passenger in the Madison car, remained hospitalized at Grand Island Tuesday.

### Continued Comfortable Forecast

Showers will continue Wednesday in New York State and upper Maine. Widely scattered showers or thunderstorms are predicted for the Rocky Mountain states. Cooler

weather is expected through the Ohio valley region and the middle Atlantic states. It will turn a little warmer in the northwest. Little temperature change is anticipated elsewhere. (AP Wirephoto Map.)

### State May Lack Representation In U.S. Senate For Short Time

WASHINGTON (AP)—Nebraska may have no senators for a short time after it elects three of them in November—if Congress isn't in session at that time.

But if Congress is in session, Sens. Eva Bowring and Sam Reynolds, Republicans, will continue to represent the state until two of the newly-elected senators present their credentials.

And if the Senate is in sine die—or final—adjournment, the terms of Sens. Bowring and Reynolds will end on election day.

### Unusual Situation

This unusual situation results because Nebraska now is represented by two senators appointed by its Gov. Robert Crosby, Republican, to take the place of its regularly elected Sens. Dwight Griswold and Hugh Butler, also Republicans, who died while in office.

Here's what will happen, as outlined to a reporter Tuesday by Emery Frazier, an aide to the Secretary of the Senate:

The senators elected on Nov. 2 for short terms to take Sen. Bowring's place, from Nov. 2 until Jan. 3, and for the remainder of the Butler term, will become Senators when the state canvassing board certifies their election.

### Pay Retroactive

When their credentials are mailed to the Senate, or presented personally by the new Senators, the Senate would place them on the payrolls as senators retroactive to the day after the election.

But, theoretically, Frazier explained, you might say there will be a short time when the state actually will not be represented. That is, the time between the end of the appointive terms and the time when the election of the new senators is certified.

Mrs. Bowring was appointed by Crosby last April to take Griswold's place until the November election. The governor later appointed Reynolds to take Butler's place until the November election.

Nebraskans in party primaries Tuesday are nominating candidates

### Ike Considering Visit To Nebraska

WASHINGTON (AP)—The White House said Tuesday that President Eisenhower is considering a visit to Nebraska this fall.

James C. Hagerty, presidential press secretary, was asked at a news conference about a statement by Gov. Robert B. Crosby of Nebraska that Eisenhower had accepted an invitation to visit the state.

Hagerty replied an invitation has been received and the matter is under consideration.

### LeMay To Relate Mission Of SAC

OMAHA (AP)—Gen. Curtis E. LeMay, commander of Strategic Air Command, will brief delegates to the Air Force Assn. convention Aug. 20 on the role and mission of SAC, Arthur C. Storck, convention chairman, announced.

Gen. LeMay will be assisted by Maj. Gen. Archie Old, SAC operations director, and Col. Edward M. Nichols Jr., chief of staff, control division.

The convention will open Aug. 19 with a luncheon and a major airpower symposium on "Security in the Hydrogen Age."

Gen. Nathan F. Twining, Air Force chief of staff, will deliver the major address at the luncheon. The symposium will be moderated by Gen. James M. Doolittle, World War II hero and medal of honor winner.

### Big Rush To Vote Costs Terry Fine

NORTH PLATTE, Neb. (AP)—With his primary election campaigning behind him, Terry Carpenter apparently could hardly wait to get home to Scottsbluff to cast his vote.

Carpenter, a candidate for the Republican nomination for the full term Senate seat, was arrested here for speeding by safety patrolmen.

He was brought before Municipal Court a short time later, where he pleaded guilty. The judge fined him \$10 and costs and sent him on his way.

Carpenter arrived in Scottsbluff in plenty of time to beat the 8 a.m. MST opening of the polls.

### Culver Given Big Gift From Eppley

CULVER, Ind. (AP)—Culver Military Academy announced Tuesday that Eugene C. Eppley, Pittsburgh and Omaha hotelman, has made a million dollar gift to the institution to finance construction of a memorial to the late Gen. L. F. Gignilliat, former superintendent of the academy.

Eppley received his early education at Culver and was a long personal friend of the former superintendent.

The contribution will make possible the construction of two modern class room buildings in addition to a third structure to be known as Gignilliat Memorial Hall.

Lincoln Alumnae Club officers of the sorority for the coming year include Mrs. Furr, president; Mrs. Paul Blumer, first vice president; Mrs. Ed Schwartzkopf, second vice president; Mrs. Ernest Weir, secretary; Miss Marjorie Stoff, corresponding secretary; Mrs. Sam Hale, treasurer; and Mrs. Jerry Mapes, editor.

## Betrothal

MR. AND MRS. RICHARD GIEBELHAUS

Miss Adela R. Wotipka, daughter of Mr. and Mrs. Cyril Wotipka of Greenwood, became the bride of Richard L. Giebelhaus, son of Mr. and Mrs. Raymond Giebelhaus at an 8 o'clock ceremony solemnized Wednesday evening, June 23 at the St. Paul Evangelical Church. The Rev. Arthur Crisp read the lines of the ceremony in the presence of one hundred fifty guests.

Mrs. Janice Hayward, the matron of honor, was frocked in pink net over taffeta. The strapless bodice was completed with a matching stole and the full skirt was in the ballerina length. Frocked identically in pale blue net over taffeta was the bridesmaid, Miss Judy Giebelhaus. They wore white beaded in their hair and carried cascades of frock-toned daisies.

The bride chose for her wedding a gown of Chantilly lace and net over taffeta. An illusion

"No Skin Troubles This Summer"

"I've just found Esoterica, the softest, sheerest, most active hand cream and popular foundation I ever used."

New Greaseless Cream Fades Brown Spots\*

—Clears Up Skin That "Breaks Out"

—Keeps Complexion Fair And Smooth

What a summertime discovery—this new, cool, fragrant, attractive face and hand cream called ESOTERICA! Thousands of women are using it daily to fade weathered brown spots that make hands look old—to clear up blackheads and the tiny acne blemishes they cause—and keep skin fair, lovely and smooth. Use it as you would any other fragrant hand cream or powder foundation—but watch its remarkable action do so much more for your skin than ordinary creams. Esoterica is the cream that actually penetrates the skin cells where most of these blemishes begin—penetrates instantly on touching the skin. Acts in the skin as well as on it.

## No Votes--Just Noses

WHILE other folks were counting votes we were counting noses—just to see how many of the citizens had returned home from their summer holiday. We found numerous ones who bounded in with plenty of sun-tan, changes and the usual post-holiday phrase—"but it's good to be home," but from them we learned that en route to that place it's so-good-to-be-back in they passed countless others who apparently had the same idea about Minnesota.

Anyway, Mr. and Mrs. C. R. Mowbray and their two children, Scott and Jackie, are back in town after visiting a variety of places. The family went first to Ogallala where Mrs. Mowbray and the children remained for a visit with Mrs. Mowbray's parents, Mr. and Mrs. W. J. Scott, while Mr. Mowbray followed a long fish tale that led him to Paint Rock, Wyo., where he learned that the fishing was all that he had heard it was. After several days Mrs. Mowbray and the children met him for a trip to Denver—and on to Estes Park.

ALSO home from Minnesota are Mr. and Mrs. Don Shultz and their children, Lee and Don, who arrived the past week end from Rutgers Lodge, Bay Lake.

AND other holidaymakers at Bay Lake were Dr. and Mrs. Robert Hiller and their sons, Robert and Don, who also were among the early week homecomers.

BUT Minnesota can't take all of the credit for summer fun and visiting — just learned that Judge and Mrs. F. W.

Messmore arrived home in Tuesday from Couderport, Pa., where they were the guests of their son and daughter-in-law, Mr. and Mrs. Hiram Messmore and their family.

ONE somehow never considers Alabama as a summer resort—but we hear that Mobile is one of the chosen places down Alabama way—at least according to the old tune "On Mobile Bay"—and Mrs. H. B. Miles and her son, Hal Miles, who found Mobile delightful for their visit with relatives. They arrived in Lincoln just a few days ago.

AS FAR as Miss Kay Evans is concerned, California is the perfect place to spend a summer holiday. Miss Evans

will leave very soon for San Francisco where she will linger a while before going on to Los Angeles and Long Beach. Her homecoming will bring her through Grand Canyon territory where she plans to spend some time. It would seem that Miss Evans, the daughter of Mr. and Mrs. Robert Evans, will no sooner be home than she will be gone again—she will be a freshman at the University of Colorado this year.

MORE news of the Evans family involves Bruce Evans who plans to return home from Camp Vermillion, Minn., in another couple of weeks.

WE opened our brides' book

## Madam Chairman

Mrs. Jaycees golf group, 9:30 o'clock at Pioneers Park.

Mrs. Jaycees swimming group, 5:30 o'clock at Municipal pool.

Coreopsis Club, noon luncheon at the Lincoln Hotel.

Lincoln Air Force Base Officers Wives Club, 1 o'clock at the NCO Club on the base.

Soroptimist Club, 6:30 o'clock dinner at Lone Oak for the board of directors and committee chairmen.

this morning to find that Miss Caroline Rogers, who's marriage to John Mills will take place on Sept. 11, has a brimming calendar for next week. The courtesies being on Monday evening when Mrs. J. William Hevert and her daughter, Miss Charlotte Hevert are hostesses at a dessert supper and bridge party at their home. The soon-to-be bride will be presented with a hostess gift.

ON TUESDAY Miss Rogers will be complimented when Mrs. Frederick Coleman and her daughter, Mrs. Lester M. Buckley, Jr., entertain at an 11 o'clock pantry-shower brunch at the home of Mrs. Coleman. Twenty-four guests have been invited for the brunch and shower.

WHEN Mrs. William I. Rotton entertains at a 10:30 o'clock coffee and paper shower on Wednesday, in courtesy to Miss Rogers, the guest list will include the members of a bridge club to which the bride-elect's mother, Mrs. Floyd Rogers belongs—and their daughters.

## To Be September Bride

MISS DOROTHY WITTE

Miss Witte is a graduate of Nebraska Wesleyan University, where she is a member of Phi Mu sorority, and also attended the University of Nebraska Graduate School of Social Work. Mr. Lampshire attended Nebraska Wesleyan, where he is a member of Theta Chi fraternity, and was graduated from the University of Nebraska where he is a member of Sigma Gamma Epsilon, national honorary geology fraternity. He is now associated with an oil company as a geophysicist.

The wedding will take place on Sunday, Sept. 5, and the ceremony will be solemnized at the Southminster Evangelical United Brethren Church.

## Nu Phi Mu Board To Meet

The executive committee of Gamma Chapter, Nu Phi Mu, will meet at the home of Mrs. Robert M. Casey, chapter advisor, next Tuesday evening, to make plans for the program and rushing activities of the group for the fall.

Committee members include Mrs. Charles Binkin, president; Miss Diana McKnight, vice president; Miss Norma Jean Smith, corresponding secretary; Miss Mary Reese, recording secretary; and Miss Norma Lewandowski, treasurer.

## Chapter Plans Autumn Tea

Executive board members of the Lincoln Chapter of the American Business Women's Association will meet with Irene Barber, the club's program chairman, in the near future to complete plans for the chapter's activities during the coming months.

The club's August and September meetings will be combined at one meeting late in August, and the members plan to entertain at a membership tea early in September to open the fall programs.

President of the club is Mrs. Mary Dana.

## The Young Crowd Has A Party

Parties always are fun, but when the incentive is an exceedingly popular young lady, the festive occasion is given added zest. So it was on Monday evening when the pretty members of a high school crowd had a no-hostess dinner at

Hotel Cornhusker in farewell courtesy to Miss Judy Truwell. Miss Truwell, as you perhaps know, left yesterday with other members of the family to join Maj. John Truwell at Anchorage, Alaska.

Those attending the party included:

Seated on the floor, left to right: Miss Barbara Beechner, Miss Linda Wait, Miss Nancy Coover and Miss Sally Downs.

Second row, left to right:

Miss Betsy Beck, Miss Sharon Quinn, Miss Judy Truwell—the honored guest—Miss Ginny Grass of Houston, Tex., who is the house guest of Miss Janene Johnson; Miss Jane Odell.

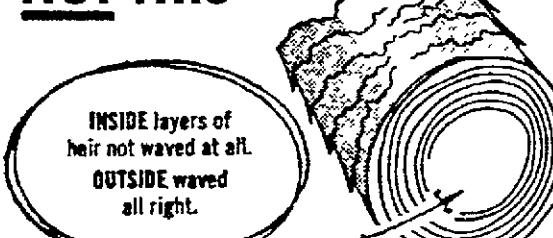

In the back row, left to right: Miss Barbara Bible, Miss Jane Johnson, Miss Adele Keiser, Miss Judy Schimm, Miss Joan Augustine, Miss Sandra Lichtenberg, Miss Janene Johnson, Miss Vera Christensen and Miss Carol Thompson.

# Newspapers Report On Progress Of Lincoln

The Lincoln community and more than 200 of its leaders and advertisers were given a report on the progress of Lincoln and its newspapers at a dinner Tuesday evening at the Cornhusker Hotel.

The report of progress was made by Joe W. Seacrest, toastmaster and vice president of the Journal-Star Printing Co. and by Raymond P. Hitchcock, its national advertising manager.

The report reviewed Lincoln's population growth, retail sales growth, shifts in population and transportation within Lincoln's retail trade zone, increase of newspaper circulation and improvement of content and services of Lincoln's newspapers. Lincoln is the last and only city in Nebraska publishing two daily newspapers of separate independent news content and editorial points of view.

## Population Up 88%

The report showed that Lincoln had enjoyed an 88 per cent population increase since 1920, and a 36 per cent increase since 1930 during a period in which the state's population had declined 3.8 per cent. Since 1930, urban population has increased 28 per cent, rural population decreased 19 per cent, and farm population declined 33 per cent.

The number of farms in Nebraska has declined by 20 per cent, the average farm has increased from 329 to 450 acres, and since 1940 per farm income has increased from \$2,529 to \$10,416 in 1953.

The Lincoln papers now drive almost 5,500 miles of truck routes each week and 811 carrier boys and girls serve the 190 towns in Lincoln's retail trade zone.

Other highlights of the report: Newspaper officials made the point that an aggressive retail market depends upon strong retail stores, good transportation, and effective newspapers.

## Sales Increased

Lincoln's retail stores are famous in the midwest. Retail sales of Lincoln's retail trade zone have increased from \$292 million in 1947 to \$392 million. In Lancaster County alone, 1953 retail sales were \$154 million, representing a net effective buying income of \$227 million, per capita effective buying income of \$1,872 and a per family effective buying income of \$5,518.

A recent local advertising campaign drew a turnout of 15,000 persons. Want ads use have more than doubled since 1943 and are five times greater than 1933. Lincoln papers run about 5,460 want ads per subscriber. In 1953, 563 national advertising accounts were carried.

Not only are Lincoln's newspapers recognized as effective merchandising mediums of growing circulations but since 1946 Lincoln's newspapers have received 12 national newspaper awards, including one Pulitzer prize.

The newspaper publishers related the position of the newspapers to the community as employers of 430 persons with an annual payroll in excess of \$1,610,958. The daily production costs of approximately \$8,320 is distributed over income sources as follows:

Local advertising ..... 45.5% National advertising ..... 14.0% Classified advertising ..... 14.0% Circulation subscriptions ..... 20.25%

Total costs of newspaper production have increased 175 per

## More Assessment Appeals Are Filed

Additional petitions have been filed in Lancaster District Court in appeal proceedings from action of the Lancaster County Board of Equalization on real estate assessments.

Transcripts in the proceedings were filed earlier. The petitioners, property, assessed value and claimed assessed value by petitioners based on "fair and reasonable market value" are:

Woodrow B. Shurtliff, 309 So. 16th L. Apt. 100, Cornhusker Apartments, 1317 L. Ave. Ant. 645, So. 17th, assessed \$28,100, claimed \$11,175.45.

Bruce R. Shurtliff and Mary Shurtliff, on Blackstone Apartments, 309 So. 16th, Ant. 511, So. 13th, assessed \$29,870, claimed \$17,659.67; on Manor Apartments, 501 So. 87th, assessed \$37,845, claimed \$26,428, on Brookside Apartments, assessed \$2,995, claimed \$1,000; on Bryan Apartments, 1229-1235 K, assessed \$22,440, claimed \$11,782.

John M. Mistle, 919 So. Cotter, on lot 2, block 4 Piedmont, actual \$24,020, claimed \$22,176.

## Centennial 'Chuck Wagon' To Visit

A 100-year-old covered wagon, "Chuck Wagon of America," will be in Lincoln Wednesday with several stars of the Omaha Centennial historic spectacle.

The covered wagon, an authentic Conestoga wagon procured especially for the Centennial, will be parked in front of the City Hall from 11:45 a.m. to 1:45 p.m.

It will be used as a box office to sell tickets for the historic spectacle to be presented nightly from Aug. 23 to 29 at Ak-Sar-Ben Field.

Mayor Clark Jearry will be invited by Pat Kavan, Miss Omaha of 1954, to attend Lincoln Day at the spectacle Aug. 24.

A special salute to Lincoln will be made at intermission that night.

## Tot Who Tumbled From Car Released

Two-year-old Donald Young of Raymond, who suffered bruises and abrasions all over his body when he fell out of a speeding car near the east Air Base entrance, was released from Lincoln General Hospital Tuesday.

## Bus Change Asked

Lincoln City Lines made application to the State Railway Commission for permission to consolidate Route 6 to the Veterans Hospital and Route 9 operated from 10th street to Belmont. The proposed consolidation would eliminate the Burlington station loop on the hospital route. The company reports that the average pickup on the loop service is less than two persons.

## LT&T Asks To Issue 9,623 Stock Shares

The Lincoln Telephone & Telegraph Co. has applied to the State Railway Commission for permission to issue 9,623 additional shares of common stock with a par value of \$16.66.

The new shares would be sold to present holders of common stock on a pro rata basis. Sales price of the stock would be \$26. The company said the additional capital is needed to finance expansion.

## Screen Actress' Daughter Stricken By Polio Attack

HOLLYWOOD (INS) — Screen Actress Maureen O'Sullivan and her husband, Director John Farrow, said Tuesday they "can only pray" for their polio-stricken 9-year-old daughter, Maria.

The child, one of the couple's seven children, is in General Hospital in Los Angeles, where she was taken Sunday. The Farrows and their three other daughters and three sons all were exposed to the disease.

The film couple said it would be several days before doctors could tell how serious the attack will be. They added:

"We told her what she had, and she was so brave. She said, 'I will pray for you all.'"

## Nationalist Plane Bombs Red Area, U.S. Gets Blame

TOKYO (Wednesday) — The Peiping radio said a Chinese Nationalist patrol bomber flew over Red China's Chekiang Province on Aug. 4 and dropped incendiary bombs. Peiping charged that the U.S. was behind these "provocative acts."

The Red radio, heard in Tokyo, also said two Nationalist naval vessels fired on a fleet of Communist Chinese patrol boats off the coast of Fukien Province Monday. It said the two vessels retreated after opening fire.

The film couple said it would be several days before doctors could tell how serious the attack will be. They added:

"We told her what she had, and she was so brave. She said, 'I will pray for you all.'"

The Lincoln mother of two children who attempted suicide by cutting her hands off in a buzz saw Saturday was reported in "fair condition" at Bryan Memorial Hospital.

## Marcantonio Denied Catholic Burial Rites

NEW YORK (AP) — Former Rep. Vito Marcantonio, whose political goals often paralleled the Communist party line, Tuesday was denied a Roman Catholic burial and condemned to a religious exile's grave.

The New York archdiocese took no official note of his leftist career. Instead, it said he had fallen away from the church and its sacraments and died outside the fold.

Marcantonio dropped dead on the street near his lower Manhattan law office Monday. He served 14 turbulent years in Congress before he was defeated in 1950 by a coalition of Republicans, Democrats and Liberals.

The film couple said it would be several days before doctors could tell how serious the attack will be. They added:

"We told her what she had, and she was so brave. She said, 'I will pray for you all.'"

# Suggest High Rate For Hospital Care Of Indigent

St. Elizabeth Hospital has asked the Lancaster County Commissioners to review the county's rate for hospital care on indigents, suggesting an upward revision of rates.

In a letter to the board, the hospital points out the county rate has not changed in three years, remaining at \$7 a day whereas the present minimum ward rate is now \$9.

Reviewing 49 county cases for 539 patient-days during a seven month period ending Dec. 31, 1953, the hospital reported the county paid \$11.78 per patient-day as compared with the average \$15.44 paid in private cases.

**Less Than State Average**

"This \$15.44 cost is still less than the state average," the letter adds.

The hospital also points county

**STAN DELAPLANE'S**

## POSTCARD

Well nothing has flattened your correspondent's spirits more than the news that Dior has flattened ladies' profiles.

Dior is a constant menace to my peace of mind. The man must be mad. Constantly lengthening skirts or making a career profile out of what is obviously a cracker.

Mr. Oliver Goldsmith once sat down and wrote:

"A modest woman, dressed out in all her finery, is the most tremendous object of the vogue creation."

"Woman at best is a contradiction," wrote the poet. And, gentlemen, the poet was not just a whistler' Dior.

A writer with rare perception wrote sadly: "Woman is the last thing which will be civilized by man."

This man, of course was a barb. He had no standing in the Amalgamated Poets. But I think he was pretty clever.

It is possible that what we need is a whole new breed of poets. To bring women back to their senses before this Dior runs the scene entirely.

A few ruthless word-men rush in where yesterday's poets feared to tread. To tell the ladies what is happening to them before it is too late.

Myself, I cannot bear the dreary autumn that stretches before us. A whole season of ladies as flat as a Texas plain.

Writer name of Huysmans once sat around and wrote:

"Is there a woman, whose form is more dazzling, more splendid than the two locomotives that pass over the Northern Railroad lines?"

There was a time when I could have said "yes" to that.

Now all I can say is stuck around Huysmans. Mr. Dior probably will bring out the locomotive line next year. And we shall see.

## Polio Trend Indicates 1954 Will Be Comparable To 435 Cases In '51

Thirty-two new cases of polio for the week ending Aug. 7 from 5th to State (Capitol Beach area) by oil surfaced by the county.

The petition was referred to the county engineer for his report and recommendation.

The board accepted the resignation, effective Oct. 1, of Mr. and Mrs. Claude B. Gibson as superintendents of the Detention Home.

The resignation letter was also referred to the District Judges for concurrent action.

**Amusement License Granted**

A public amusement license was granted to Sam J. Stevens for operation at King's Ballroom at Capitol Beach.

Regulations under dance hall rules and regulations was granted for Saturday nights and under

In other action, the board re-ferred a petition with about 65 to 70 house rules for weekdays.

Nebraska Foundation for Infantile Paralysis, said U.S. Public Health Service reports show Nebraska to be among the top 10 states so far this year in incidence of polio in proportion to

population.

Nebraska was sixth, with 113 cases reported this year per 100,000 population. Wyoming was 19.9, while others were Nevada, 19.1; Florida, 18.9; Texas, 16.6, and California, 12.6.

Others were Mississippi, 11.2; Oklahoma, 11.0; Arizona, 10.8; and Iowa, 10.7.

### In The Red

FRUITA, Colo. (AP)—Fruita has what local residents think is the only fire-engine-red post office in the United States. Postmaster John Weaver says "When the office starts making money, we'll paint it black."

The number of sheep shorn in Nebraska this year is expected to reach 449,000 head, compared to 520,000 head last year and a 10-year average of 374,000.

Nationally, the 1954 wool production is expected to amount to 229,371,000 pounds, compared to

## State's Wool Output Set At 3,500,000 Lbs.

The State-Federal Bureau of Agricultural Statistics predicted Nebraska's 1954 wool production will total 3,500,000 pounds.

This would be 9 per cent less than last year's production, but 17 per cent more than the 10-year average.

Much of Nebraska's shorn wool is produced in commercial feed lots, and the final figure varies with the amount of shearing to be done in the fall.

**GIRL'S WOOL ZEPHYR CARDIGANS . . .**

**SANFORLAN**  
TREATED

• Pure wool zephyr treated to the sanforlan process becomes a new "miracle" in sweaters.  
• Washes so nicely, keeps its classic good looks and stays true to size.  
• Dark and light colors. Sizes 7-11.

**3 98**

PENNEY'S SECOND FLOOR

**SPECIAL PURCHASE! 1200 ONLY MEN'S FALL Sport Shirts**

**S 2**

Smart spun rayon and many other fall fabrics to choose from.  
New patterns and colors, long-sleeves.  
Sizes S, M, L, XL.  
Choose several at this low price!

PENNEY'S STREET FLOOR

### They're SHRINK-RESISTANT!

**Wool Zephyr SANFORLAN SWEATERS**

**3 98**  
SLIPOVER  
CARDIGAN 5 90

Wonderful with suits, skirts, slacks! Cloud-soft wool zephyr Sanforlan sweaters that wash so well, keep their shape. Find them in a huge array of colors—so lovely you're sure to want several. Sizes 34-42.

PENNEY'S SECOND FLOOR

**BOYS BIG MAC WELDED KNEE JEANS**

**1 69**

Big Mac full cut welded knee in heavy 8-oz. Sanforlan denim.  
Full cut, heavy duty zipper fly.  
2 roomy swing front pockets, separate coin pocket.  
Copper plated rivets on front pockets  
Sizes 4-12.

PENNEY'S BASEMENT

**BOY'S SCUFFLESS TOE OXFORDS**

**4 49**

Scuffless tip.  
Long wearing heavy Sieberling sole.  
All leather counters.  
Sizes 12 1/2 to 3 1/2, Brown.  
B, C & D widths.  
Also available in high top at same price.

## Suggest High Rate For Hospital Care Of Indigent

St. Elizabeth Hospital has asked the Lancaster County Commissioners to review the county's rate for hospital care on indigents, suggesting an upward revision of rates.

In a letter to the board, the hospital points out the county rate has not changed in three years, remaining at \$7 a day whereas the present minimum wage rate is now \$9.

Reviewing 49 county cases for 539 patient-days during a seven month period ending Dec. 31, 1953, the hospital reported the county paid \$11.78 per patient-day as compared with the average \$15.44 paid in private cases.

### Less Than State Average

"This \$15.44 cost is still less than the state average," the letter adds.

The hospital also points county

relief department "has felt unable to pay for blood" used for indigent patients. Professional donors must be obtained because few relatives or friends of indigent patients "replenish the blood bank."

The hospital points out funds for payment to professional donors are available in old age assistance cases, but are not in relief cases.

The board asked the county board to review with its welfare department director "our mutual problem" in indigent medical care.

The letter was placed on file by the board for review with the proper agencies and action.

### Request Oil Surface

In other action, the board referred a petition with about 65

signers requesting that West Q from 7th to State (Capitol Beach area) be "oil surfaced" by the county.

The petition was referred to the county engineer for his report and recommendation.

The board accepted the resignations, effective Oct. 1, of Mr. and Mrs. Claude B. Gibson as superintendents of the Detention Home.

The resignation letter was also referred to the District Judges for concurrent action.

### Amusement License Granted

A public amusement license was granted to Sam J. Stevens for operation at King's Ballroom at Capitol Beach. Operation under dance hall rules and regulations was granted for Saturday nights and under roadhouse rules for weekdays.

# Despite Difficulty In Making Weight, Moore 8-5 Favorite

By JACK HAND

**NEW YORK** — Rambling Archie Moore, who changes home towns with the seasons, is 8 to 5 favorite to thwart Harold Johnson's challenge for his world light heavyweight title Wednesday night at Madison Square Garden. Making the weight limit of 175 pounds has been a tough job for the 37-year-old champ who has boxed as a pro since 1936. He made it for his second defense against Joey Maxim at Miami, Jan. 27 but ballooned to 190½ in six weeks for a non-title go with Bob Baker. In his last outing, June 7, he weighed 189½ when he knocked out Bert Whitburn.

Conflicting reports emerge from

the Moore training camp at Summit, N. J., where he has been struggling through the hot weather, swaddled in heavy g. y. m. n. clothes. Chances are he'll be right on the beam at the noon (EDT) weigh-in at the offices of the New York State Athletic Commission.

If Archie fails to make the weight, he will be given a time interval (probably until 2 p.m.) to sweat off the sweat. If he still doesn't make it, he will be stripped of his championship and the fight will go on as a non-title bout. In that case, Johnson and some other challenger probably would fight for the crown at a later date.

The 15-round match, scheduled for 8 p.m. (CST) will be carried on network television (CBS) with the New York area blacked out. However, there will be a radio broadcast (CBS) in New York only. A crowd of about 7,000 and receipts of \$25,000 will satisfy the International Boxing Club.

Jack Kearns popped into town Tuesday with an offer of \$100,000 for the winner to meet the winner of the Aug. 20 middleweight title match between Bobo Olson and Rocky Castellan at Oakland, Calif. The Moore-Johnson series is a long-standing feud dating back to April 26, 1949 when Moore handed Johnson, a Philadelphia boy, his first pro defeat after 25 straight

victories. Archie floored Johnson twice in that first match and beat him again at Philadelphia Sept. 24, 1951. Johnson's only decision in the series came at Milwaukee, Dec. 10, 1951 but Moore beat him back again at Toledo, Jan. 29, 1952. All went the route.

**Like Father, Like Son**

On the basis of that 3-1 edge in previous battles, Moore would be a top-heavy favorite except for his age and his weight problem. Johnson, who became 26 Monday, has a 48-5 record for 53 bouts since 1946. He has knocked out 22 and was stopped once—by Jersey Joe Walcott, Feb. 8, 1950. Jersey Joe also stopped his father, Phil Johnson, way back in 1936.

Johnson's other defeats were the three to Moore and a loss to Bob Satterfield at Chicago, Aug. 6, 1952. Since the Satterfield fight he has won 12 in a row, including a knockout over Satterfield in a rematch and victories over Nino Valdes, Ezzard Charles, Jimmy Slade and Paul Andrews. In the meantime, he kept hollering for a shot at Moore's title only to be sidetracked time and again by Joey Maxim.

Archie is working on an 18-bout winning string since he was beaten by Johnson in Milwaukee. All of his scraps with Johnson, incidentally, came before he won the light heavy title from Maxim, Dec. 17, 1952 at St. Louis.

## Chiefs, Cards Divide In Twin Bill Hurling Duel

By NORRIS ANDERSON

Sports Editor, The Star

Pitching efficiency was the password at Sherman Field Tuesday night as the Lincoln Chiefs and Omaha Cardinals tangled.

Colonel Andy Bush, his pitching howitzer smoking, blazed a four-hitter past the second-place Cards to win the opener, 1-0, and notch No. 15 on his Kentucky musket.

In turn, Mel Henn's compact four-hitter blanked the Chiefs, 2-0, in the nightcap.

Mel Rue

### Chiefs Get Pitcher

General Manager Bill Herling of the Chiefs announced the signing of a new pitcher to fill the vacancy on the Lincoln mound staff created when Norm Brown's contract was assigned to Jacksonville in the deal that brought George Wegek and Joe Christian to the Chiefs.

The new pitcher is Bill Bottler, 21, a 6-foot one-inch right-hander. He comes from Victoria of the Class A Western International League where he has been for three years. Last year he had a 10-14 record.

away opportunity as he got Mel Rue to force Johnny Jones at second on an infield dribbler, ending the game.

Guests of the Chiefs at the game were 120 Little League baseball players from Grand Island.

Wigwam notes . . . There were 120 Grand Island Little League baseball players in the stands and they were the honored guests . . . The youngsters, dressed to the hilt in baseball togs, put on an exhibition between games and presented a cup to Anderson after voting him the Chiefs' best player in the opener . . . One wee lad even announced an inning for Bill King, voice of the Chiefs . . . A number of the Islanders were given special awards for their play during the regular season . . . Only Bob Clear of Omaha, who has won 16 and Denver's Bob Garber, with 13 are in Col. Bush's league . . . Linden's play at third was top drawer . . . Red McQuillen's leftfield blast in the second inning of the nightcap lacked only inches of clearing the wall . . . It struck the wall's top rim, giving the hard-driving redhead a double . . . Stewart has permitted only seven runs in his last 35 innings of mound duty . . . King's running catch robbed Tom Neill of at least a double in the first inning of the nightcap . . . Of 41 one-run decisions, Lincoln has won 21.

Al Viotta's fifth-inning home run over the rightfield wall provided Omaha's first run in the nightcap. A second drifted in on singles by Barney Elser and Neal Hertwick, backed by Joltin' Jim King's sacrifice fly.

Opportunity virtually banged the Chiefs' door down, as 11 men left on the base paths will attest, but the Chiefs simply could not find the scoring key.

Men were left dying in the second and fourth, as late as the ninth, the Chiefs were menacing.

Wegek singled, but was picked off first. After Laguna filed out, the Chief cause seemed doomed. Then Joe Christian suddenly gained life at first on an error and Johnny Jones stroked a single to center.

Once again, Heim chased

Whitey Ries, always razed and always a dangerous hornet, doubled in the seventh, only to die on second. After giving a crowd of 1,120 souls a minor case of heart failure by dropping Vince Moreci's easy pop, Shortstop George Wegek rectified this misue by launching a game-ending double play off Manager Farrell Anderson's horrid bat.

Making the weight limit of 175 pounds has been a tough job for the 37-year-old champ who has boxed as a pro since 1936. He made it for his second defense against Joey Maxim at Miami, Jan. 27, but ballooned to 190½ in six weeks for a non-title go with Bob Baker. In his last outing, June 7, he weighed 189½ when he knocked out Bert Whitehurst. Conflicting reports emerge from

the Moore training camp at Summit, N. J., where he has been struggling through the hot weather, swaddled in heavy gym clothes. Chances are he'll be right on the beam at the noon (EDT) weigh-in at the offices of the New York State Athletic Commission.

If Archie fails to make the weight, he will be given a time interval (probably until 2 p.m.) to sweat off the suet. If he still doesn't make it, he will be stripped of his championship and the fight will go on as a non-title bout. In that case, Johnson and some other challenger probably would fight for the crown at a later date.

The 15-round match, scheduled for 8 p.m. (CST), will be carried on network television (CBS) with the New York area blacked out. However there will be a radio broadcast (CBS) in New York only. A crowd of about 7,000 and receipts of \$25,000 will satisfy the International Boxing Club.

Jack Kearns popped into town Tuesday with an offer of \$100,000 for the winner to meet the winner of the Aug. 20 middleweight title match between Bob Olson and Rocky Castellani at Oakland, Calif. The Moore-Johnson series is a long-standing feud dating back to April 26, 1949 when Moore handed Johnson, a Philadelphia boy, his first pro defeat after 25 straight

victories. Archie floored Johnson twice in that first match and beat him again at Philadelphia Sept. 24, 1951. Johnson's only decision in the series came at Milwaukee, Dec. 10, 1951 but Moore beat him back again at Toledo, Jan. 29, 1952. All went the route.

Like Father, Like Son

On the basis of that 3-1 edge in previous battles, Moore would be a topheavy favorite except for his age and his weight problem. Johnson, who became 26 Monday, has a 48-5 record for 53 bouts since 1946. He has knocked out 22 and won 20 stops once by Jersey Joe Walcott, Feb. 8, 1950. Jersey Joe also stopped his father, Phil Johnson, way back in 1936.

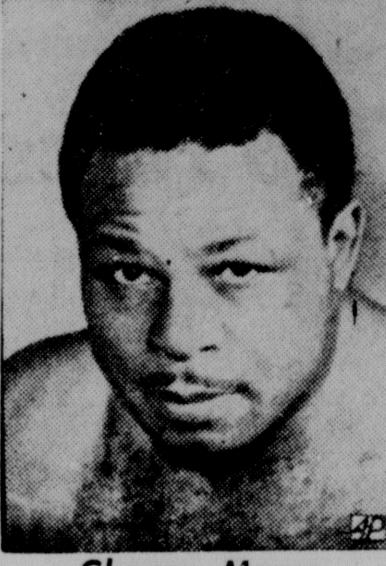

Johnson's other defeats were the three to Moore and a loss to Bob Satterfield at Chicago, Aug. 6, 1952. Since the Satterfield fight he has won 12 in a row, including a knockout over Satterfield in a rematch and victories over Nino Valdes, Ezzard Charles, Jimmy Slade and Paul Andrews. In the meantime, he keeps hollering for a shot at Moore's title only to be sidetracked time and again by Joey Maxim.

Archie is working on an 18-bout winning string since he was beaten by Johnson in Milwaukee. All of his scraps with Johnson, incidentally, came before he won the light heavyweight title from Maxim, Dec. 17, 1952 at St. Louis.

This will be Moore's third defense and the first in which Maxim has not been involved. He turned back Pal Joey's bid at Ogden, Utah, June 24, 1953 and then beat Maxim again at Miami in January.

New York State rules will be in effect, meaning that a referee and two judges will give a decision on a round basis with a supplementary point system.

Although Moore has roamed the world, moving from St. Louis, where he was born, to San Diego, Toledo, New York and Miami among others, he never before has fought in Madison Square Garden. It seems strange that he's fought in Tasmania but never in the Garden.

Champ Moore

## Chiefs, Cards Divide In Twin Bill Hurling Duel

By NORRIS ANDERSON

Sports Editor, The Star

Pitching efficiency was the password at Sherman Field Tuesday night as the Lincoln Chiefs and the Omaha Cardinals tangled.

Colonel Andy Bush, his pitching howitzer smoking, blazed a four-hitter past the second-place Cards to win the opener, 1-0, and notch No. 15 on his Kentucky musket.

In turn, Mel Heim's compact four-hitter blanked the Chiefs, 2-0, in the nightcap.

Buoyed by his first Western League victory, although saddened by the waste of Frank Stewart's seven-hitter in the second game, Skipper Red McQuillen will pit Vince Carlson (7-7) against Omaha's Jack Shirley, ex-Oklahoma University star. The game winds up the Chiefs' current home stand.

Mel Rue doubled in the third and sped home on Oriental Anderson's single to produce the Chiefs' decisive run in the opener.

Anderson threatened in the second and in the seventh, only to see the Chiefs rally with clutch fielding behind Bush's steady twirling.

Whitey Ries, always razed and always a dangerous bombe, doubled in the seventh, only to die on second. After giving a crowd of 1,120 souls a minor case of heart failure by dropping Vince Moreci's easy pop, Shortstop George Vegerick rectified this misfortune by launching a game-ending double play off Manager Farrell Anderson's horrid bat.

Al Viotto's fifth-inning home run over the rightfield wall provided Omaha's first run in the nightcap. A second drifted in on singles by Barney Elser and Neal Hertzweck, backed by Joltin' Jim King's sacrifice fly.

Opportunity virtually banged the Chiefs' door down, as 11 men left on the base paths will attest, but the Chiefs simply could not find the scoring key.

Men were left dying on third and second in the second and fourth, and as late as the ninth, the Chiefs were menacing.

Wegerick singled, but was picked off first. After Laguna flied out, the Chief cause seemed doomed. Then Joe Christian suddenly gained life at first on an error and Johnny Jones stroked a single to center.

Once again, Heim chased

### Chiefs Get Pitcher

General Manager Bill Herder of the Chiefs announced the signing of a new pitcher to fill the vacancy on the Lincoln mound staff created when Norm Brown's contract was assigned to Jacksonville in the deal that brought George Wegerick and Joe Christian to the Chiefs.

The new pitcher is Bill Bottler, 21, a 6-foot one-inch right-hander. He comes from Victoria of the Class A Western International League where he has been for three years. Last year he had a 10-14 record.

Mel Rue opportunity as he got Mel Rue to force Johnny Jones at second on an infield dabbler, ending the game.

Guests of the Chiefs at the game were 120 Little League baseball players from Grand Island.

**Wigwam notes** . . . There were 120 Grand Island Little League baseball players in the stands and they were the honored guests . . . The youngsters, dressed to the hilt in baseball togs, put on an exhibition between games and presented a cup to Anderson after voting him the Chiefs' best player in the opener . . . One who had even announced an inning for Bill King, voice of the Chiefs . . . A number of the Islanders were given special awards for their play during the regular season . . . Only Bob Clear of Omaha, who has won 16 and Denver's Bob Garber, with 15, are in Col. Bush's league . . . Linden's play at third was top drawer . . . Red McQuillen's leftfield blast in the second inning of the nightcap lacked only inches of clearing the wall . . . It struck the wall's top rim, giving the hard-driving redhead a double . . . Stewart has permitted only seven runs in his last 35 innings of mound duty . . . King's running catch robbed Tom Neill of at least a double in the first inning of the nightcap . . . Of 41 one-run decisions, Lincoln has won 21.

# Giants Tip Bucs By 2-1

Antonelli Chalks Up 17th Victory

PITTSBURGH (AP) — Relief pitcher Marv Grissom turned in a brilliant piece of work Tuesday night to present Johnny Antonelli's 17th victory as the New York Giants edged the Pittsburgh Pirates 2-1. The victory, combined with Brooklyn's 6-3 loss at the hands of Philadelphia, put the first place Giants four full games ahead of the Dodgers.

The Giants, desperately trying to break a three-game losing streak, seemed headed for a shutout until the Pirate eighth when Antonelli got into trouble by walking the leadoff batter, pinch hitter Gair Allie. Second baseman Curt Roberts doubled Allie to third and Grissom came to the mound.

STRANGE AS IT SEEMS By Elsie Hix

MRS. MARY P. CHRISTOPHER--  
Lamesa, Texas,  
BAGGED A DEER  
ON HER FIRST  
HUNTING TRIP--  
AT THE AGE  
OF 86!

"BIG BERTHA"-- When foaled at  
Woodland Farm, Red Bank, N.J.,  
stood only 20 inches high  
and weighed only 15 pounds...  
FOR TWO WEEKS FOLLOWING HER BIRTH  
SHE HAD TO BE FED WITH A BOTTLE  
BECAUSE SHE COULD NOT REACH  
HER MOTHER!

WISHING WELL By William J. Miller

BAERING DOWN ON THE NEWS By Arthur 'Bugs' Baer  
Distributed by International News Service

Sen. Gillette of Iowa says Mr. Hoover was no more responsible for the blow-off than you are for thick wrists on elephants. But he was in the White House when the bottom fell through the top.

It's 80 on a man's abacus. In that time Herbert has seen places and been things.

When he beat Al Smith in 1928 we Bugs Baer knew he had done Al a favor. The panic was on as sure as hay in August.

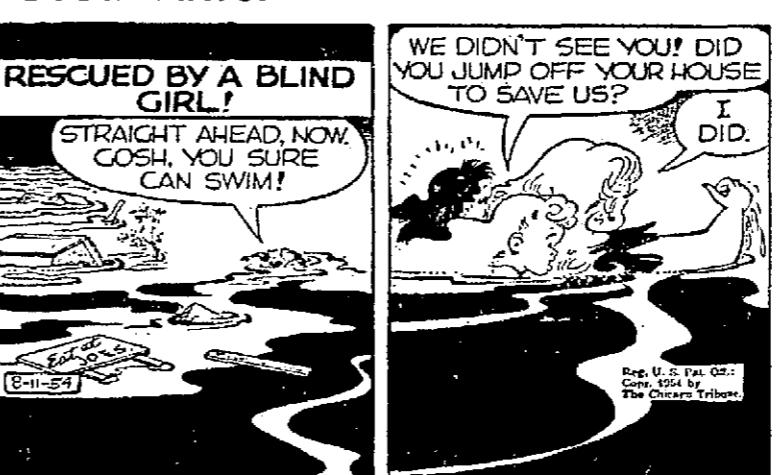

Wall Street had been on a bull romp in the old play-pen. It started with European war moola in 1914 and lasted 15 fiscal semesters. Harding's administration was as crooked as a mountain fence. Coolidge did the neatest job of nursing the world when he carried the soap bubble four years by the handle.

Mr. Hoover drove up to take the rap. By the time he arrived the national economy was as top-heavy as the two-headed boy.

BRINGING UP FATHER

By George McManus

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the grid and follow the path every other cell to the right and then down. Then read the message the letters under the checked figures give you. DAILY CRYPTOQUOTE

AT TULALABA MONG FELLOW

One letter simply stands for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all alike.

Y E T R Y, I J I Q K T D U A Y J H M ! X P V

C E A Y J C Y T E Y A Y K T G J K T, R P T

M R K Y T R Y J G J V T C ! - R K I I Y A.

Yesterday's Cryptoquote: GREATLY HIS FOES HE DREADS, BUT MORE HIS FRIENDS.—CHURCHILL

Distributed by King Features Syndicate

Here's How To Work It

Each letter stands for a different letter, and the count letters are different.

Y E T R Y, I J I Q K T D U A Y J H M ! X P V

C E A Y J C Y T E Y A Y K T G J K T, R P T

M R K Y T R Y J G J V T C ! - R K I I Y A.

BAERING DOWN ON THE NEWS By Arthur 'Bugs' Baer

Distributed by International News Service

There were no chronological filibusters on congressional endorsement of Herb Hoover's 80th birthday. Democrats didn't even demand a recount.

It's 80 on any man's abacus. In that time Herbert has seen places and been things.

When he beat Al Smith in 1928 we knew he had done Al a favor. The panic was on as sure as hay in August.

Wall Street had been on a bull romp in the old play-pen. It started with European war moola in 1914 and lasted 15 fiscal semesters. Harding's administration was as crooked as a mountain fence. Coolidge did the neatest job of nursing the world when he carried the soap bubble four years by the handle.

Mr. Hoover drove up to take the rap. By the time he arrived the national economy was as top-heavy as the two-headed boy.

Bugs Baer

Mr. Gillette is a mid-western Democrat. You know those Iowa lads wouldn't give a Republican the time on a busted watch.

Herb became the forgotten man of national politics but never squawked. When you take the bitter with the sweet in politics it's all chocolate.

Congress not only gave Herbert a slightly delayed accolade of confidence but it wished him many years of constructive service. It counter-stamps my theory if you live long enough they will respect you.

The Democrats feel neat toward Herbert because the blow-off brought them indoors from 1932 to 1952. Is that score of pay-days they have been tanned by indirect lighting and boned by air conditioning.

Mr. Hoover drove up to take the rap. By the time he arrived the national economy was as top-heavy as the two-headed boy.

## Hog Prices Drop To \$1 Extreme

OMAHA (P)—Cattle brought generally steady prices on the Omaha livestock market Tuesday. Hog prices were slashed 25 to 75 cents with extremes \$1 down. Fat lambs ruled \$1 higher. Sheep classes were steady.

### OMAHA

**Hogs:** Salable 73¢ to 75¢; slow barrows and gilts 25¢ to 50¢ lower; sows 25¢ to 50¢ lower; choice 180-200 lb. butchers \$22.50¢ to 23.75¢; 200-225 lb. butchers \$20.50¢ to 22.50¢; 200-225 lb. choice 180-200 lb. butchers \$21.25¢ to 23.25¢; 200-225 lb. choice 180-200 lb. butchers \$19.25¢ to 20.50¢; 200-225 lb. choice 180-200 lb. butchers \$18.25¢ to 19.25¢; 400-500 lbs. \$14.00¢ to 16.00¢.

**Cattle:** Salable 11.50¢; calves 15¢; receipts will exceed estimate by over 500 head; feeders and heifers steady to generally steady; few instances of a little strength; cows heifers 20¢ to 50¢ lower; vealers steady; stockers and feeders 20¢ to 30¢ lower; 300-400 lb. prime strength fed steers \$25.00¢ to 25.25¢; moderate high choice and prime 25.25¢ to 25.50¢; 250-300 lb. choice 25.00¢ to 25.25¢; 200-225 lb. mostly prime heavy heifers \$23.50¢ to 24.00¢; 200-225 lb. new commercial cattle \$21.00¢ to 21.25¢; 180-200 lb. choice 20.75¢ to 21.00¢; 160-180 lb. choice 19.75¢ to 20.00¢.

**Lambs:** Salable 1.50¢; slaughter lambs 1.00 higher, other classes steady; choice and prime native spring lambs largely \$21.00¢; good to choice 20.00¢; medium and good feeder lambs \$15.00¢ to 16.00¢.

### CHICAGO

**Hogs:** Salable 8.00¢; moderately active to slow; uneven butchers 25¢ to 50¢ lower; sows 25¢ to 50¢ lower; choice 180-200 lb. 22.25¢ to 23.25¢; 200-225 lb. 21.50¢ to 22.50¢; 200-225 lb. choice 180-200 lb. butchers \$17.25¢ to 19.25¢; lighter weights 19.00¢ to 20.50¢.

**Cattle:** Salable 7.00¢; calves 100¢; choice and prime steers and heifers 20¢ to 50¢ lower; gilts slow to 25¢ higher; vealers steady to 1.00¢ higher; steers and prime heifers 20¢ to 50¢ higher; 200-225 lb. choice 180-200 lb. butchers \$17.25¢ to 19.25¢; lighter weights 19.00¢ to 20.50¢.

**Sheep:** Salable 1.50¢; slaughter lambs 1.00 higher, other classes steady; choice and prime native spring lambs largely \$21.00¢; good to choice 20.00¢; medium and good feeder lambs \$15.00¢ to 16.00¢.

### SIOUX CITY

**Cattle:** Salable 8.20¢; slaughter steers and heifers average choice and better moderately active, largely firm; others rather slow, limited sales about steady; cows mostly little changed; bull feeders steady; steers and prime heifers steady to strong; numerous choice fed steers 25¢ to 50¢ higher; 200-225 lb. choice 20.00¢ to 21.50¢; 200-225 lb. choice 18.00¢ to 20.50¢.

**Hogs:** Salable 7.00¢; calves 100¢; choice and prime steers and heifers fairly steady; lower grades slow; market about steady; cows and bull feeders steady to 25¢ higher; vealers steady to 1.00¢ higher; steers and prime heifers 20¢ to 50¢ higher; 200-225 lb. choice 180-200 lb. butchers \$17.25¢ to 19.25¢; lighter weights 19.00¢ to 20.50¢.

### ST. JOSEPH

**Hogs:** Salable 4.00¢; slow, barrows, and gilts generally 25¢ to 50¢ lower; sows 25¢ to 50¢ lower; choice 180-200 lb. butchers \$22.50¢ to 23.75¢; 200-225 lb. butchers \$20.50¢ to 22.50¢; 200-225 lb. choice 180-200 lb. butchers \$19.25¢ to 20.50¢.

**Cattle:** Salable 3.50¢; calves 400¢; slaughter lambs 50¢ up; heifers steady to strong; cows steady to strong; numerous choice fed steers 25¢ to 50¢ higher; 200-225 lb. choice 18.00¢ to 20.50¢.

**Hogs:** Salable 3.50¢; slow, barrows, and gilts 50¢ to 75¢ lower; sows 25¢ to 50¢ lower; choice 180-200 lb. butchers \$22.50¢ to 23.75¢; 200-225 lb. butchers \$20.50¢ to 22.50¢; 200-225 lb. choice 180-200 lb. butchers \$19.25¢ to 20.50¢.

# GOP Leaders Set Next Week As Target Date

... Congress Adjournment Continues Elusive

WASHINGTON (AP) — Republican leaders Tuesday gave up all hope of adjourning Congress this Saturday. They set next week as a new target, but on the basis of experience declined to pinpoint an exact date.

A White House announcement indicated President Eisenhower doesn't expect the Senate will complete work until Aug. 19 at the earliest.

Senate Republican Leader Knowland (Calif.) said the adjournment schedule hinges mainly on how much time opponents spend attacking compromise atomic energy legislation. He said he had heard talk of "another filibuster," and said this could extend the session even beyond next week.

Sen. Gore (D-Tenn.), an outspoken critic of the way the administration proposes to allow private industry to get into atomic power production last week predicted an assault on the measure revamped by a Senate-House conference committee. But he doubted an attempt to "talk the bill to death."

Knowland raised the new target for completing legislation after he and other GOP leaders held their weekly conference with Eisenhower.

The House has been ready to quit since last week. Speaker Martin (R-Mass.) said it now was in a position to close books "in three hours," once the Senate gives the signal. Senate leaders first hoped to wind up last Saturday, but two weeks of atomic energy debate scuttled that plan.

Knowland said the Senate would

remain in session as long as necessary to pass an atomic energy bill, which the house did with a minimum of fuss Monday. He said there would be no advance resolution specifying an adjournment date, lest foes of the atomic measure keep talking until then and preclude action.

## Other Subjects

In addition to the farm bill up Tuesday, Knowland listed these as other subjects which must be disposed of: Social security, anti-subversives legislation, unemployment insurance, national debt, foreign aid and extra appropriations.

After finishing legislative activity, the Senate probably will recess to await a report by its special committee investigating censure charges against Sen. McCarthy (R-Wis.). That's exclusively a Senate problem, and won't keep the House in session.

James C. Hagerty, White House press secretary, said it probably would be Aug. 19 "at the earliest" before Eisenhower leaves for his intended vacation in Colorado. The President has two speeches scheduled in Illinois that day. He'll return to Washington if Congress hasn't quit, otherwise fly on to Denver, Hagerty said.

**Cockney King Dies**

LONDON (AP) — The king of the Pearly Kings—the aristocrats of London's cockneys—is dead. Jack Marriot, 51, monarch of cockney noblemen, died in London's University Hospital. He was crowned at the festival of Britain in 1951.

## Hope For Adjournment Vanishes

Senate Majority Leader William Knowland (left) and Speaker of the House Joseph Martin tell newsmen at the White House, following their conference with President

Eisenhower that they have given up hope of adjourning Congress this week. They said they will strive for a windup sometime next week. (UPI Telephoto.)

## Secretary Halts Cigarette Blaze

A cigarette fire destroyed some records but was doused by a secretary in office 735 in the Stuart Building before further damage occurred Tuesday evening.

The secretary told firemen a cigarette placed on the edge of an ash tray fell off and burned records, but she slapped a wet towel on the small fire to extinguish it.

## Mahoney Bound Over On Assault Charges

Lincoln Star Special DAVID CITY, Neb.—Frank Mahoney, 28, of Lincoln has been bound over to District Court following a preliminary hearing in County Court on a charge of "assault with intent to do great bodily injury."

The Lincoln man was allegedly involved in an attempted Butler County jailbreak. In the attempt, it was charged Police Officer Henry Struebing was struck with a piece of metal.

The Reclamation Bureau here

estimated that up to 900,000 acre feet of water is stored in the Alcova-Pathfinder and Seminoe Reservoirs. This is more than enough to serve 12,000 acres under irrigation in the area.

## Miller Urges Kendrick Loan Plan Approval

WASHINGTON (AP) — Rep. Miller (R-Neb.) has urged Interior Department officials to approve an agreement permitting "loan" of water from the Kendrick Project in Wyoming to the North Platte Project in Wyoming and Nebraska.

He said he expects an arrangement to be worked out permitting the loan but explained

agreement has been held up because of the reported objection by a Reclamation Bureau official in the area.

Earlier Fred G. Aandahl, assistant Secretary of the Interior, said he expects water users groups would work out an agreement among themselves.

Under the agreement being worked out, Miller said, irrigation districts now in need of water downstream would be able to obtain their requirements as a "loan."

Later in the year when the irrigation needs are no longer pressing, Miller said, the downstream irrigation districts would repay the loan by relinquishing some of their rights to the upstream water until the water was restored.

These arrangements were attempted after a Wyoming state court granted temporary injunction to prevent outright sale of water.

The Reclamation Bureau here

estimated that up to 900,000 acre feet of water is stored in the Alcova-Pathfinder and Seminoe Reservoirs. This is more than enough to serve 12,000 acres under irrigation in the area.

## Marshal Charged In Slaying Of Omaha Airmen

ESTANCIA, N. M. (AP) — Four friends posted \$10,000 bond for Marshal Ladd I. Embry, charged with murder in the Sunday slaying of an airman at Sandra Base, Albuquerque.

Embry, accused of the fatal

shooting of A.C.C. William Anderson, 21, Omaha, Neb., was bound over to District Court. He stands trial in the September term.

The soldier was shot at a dance here. Embry contends the slaying was accidental and that his gun discharged as he attempted to strike Anderson with it after the soldier resisted arrest.

At a preliminary hearing three Kirtland Air Force men testified Embry pulled the gun from his holster and fired. Another witness, Marie Holliday, said Embry brought the gun over his head and down before the weapon discharged.

The soldier was shot at a dance here. Embry contends the slaying was accidental and that his gun discharged as he attempted to strike Anderson with it after the soldier resisted arrest.

At a preliminary hearing three Kirtland Air Force men testified Embry pulled the gun from his holster and fired. Another witness, Marie Holliday, said Embry brought the gun over his head and down before the weapon discharged.

Later in the year when the irrigation needs are no longer pressing, Miller said, the downstream irrigation districts would repay the loan by relinquishing some of their rights to the upstream water until the water was restored.

These arrangements were attempted after a Wyoming state court granted temporary injunction to prevent outright sale of water.

The Reclamation Bureau here

estimated that up to 900,000 acre feet of water is stored in the Alcova-Pathfinder and Seminoe Reservoirs. This is more than enough to serve 12,000 acres under irrigation in the area.

The leaders of the opposition to Prime Minister Churchill's Conservative government stopped off here on their way to a three-week visit to Red China.

## DEATHS

Mrs. Winnie Abell, age 83, passed away, Friend Aug. 9. Funeral services will be held Thursday at 3:30 p.m. from St. Joseph's Catholic Church, Rev. Father Kaderick officiating. Interment St. Joseph's Cemetery, Moore's Funeral Home, Friend in charge.

**COLE** — Funeral of Arthur Cole, 56, of Columbus, 2nd Ave. Wednesday evening. The Rev. Ralph L. Lewis officiating. Lincoln Memorial Park, Polkhearsie. John Miller, Duane Mitchell, Leroy Miller, Philip Hughes, James Lovelace and Henry Schwabacher.

**DOBINS** — Funeral for Walter E. Dobins, 51, of 3017 Woodsdale, who died Saturday at 1 a.m. in Wadsworth. Rev. N. O. Roscoe officiating. Mrs. Cornelia Cole at organ. Wukas.

**GIBSON** — Funeral and burial of Gibson, 71, of Nebraska City, to Nebraska City. Burial at Hodeman-Splain. Wukas.

**HAGEN** — Funeral of Hayden D. Hagen, 62, of 1801 So. 23rd, at 3 p.m. Wednesday at First Presbyterian Church. Dr. C. V. White and Chaplain Earl D. Weed officiating. Interment services at graveside. Charles W. Brown, D. O. Pettit, Eddie Hansen, Dr. F. H. Whipple, Lawrence Horner, Albert Pedersen, Marius Ender, Willard Olson, Lester Thomas, Lincoln Memorial Park.

**MCNEIL** — Funeral for Hugh T. McNeil, 67, of 610 Lakes, who died Sunday at 1 a.m. in Wadsworth. Rev. St. Martin's Catholic Church, Douglas T. Martin officiating. Burial in St. Martin's Cemetery.

**MEYER** — Funeral for Dianne Dirksen and Dr. L. J. Chadel, both of Tecumseh, reigned as queen and king, respectively, over Johnson County Fair activities.

Miss Dirksen, the daughter of Mr. and Mrs. Dick Dirksen, was selected over 14 other candidates. She is a 1954 Tecumseh High School graduate.

Serving as court attendants were Irma Baderbacher, Fauna Bish, Lois Carmine, Norma Jean Dwinell, Eunice Eley, Kathryn Goers, Janice Johnson, Kathleen Lempka, Marie Neukirch, Lila Mae Niemann, Lois Othmer, Carolyn Schacht and Ruth Schoene.

Reigning over the 1953 fair were Willard Brehm of Cook and Shirley Mason.

**THEO. H. BERG** — City Clerk.

## Notice to Contractors

Sealed proposals will be received by the City of Lincoln, Nebraska, at the office of the City Engineer, 1000 Locust Street, at 10 a.m. on Wednesday, August 18, 1954, for the construction of the water main in Water District No. 1, from 10th Street to Lincoln Avenue, in said City, according to the plans and specifications of the City Engineer on file, and the bid documents obtained in the office of the City Engineer.

The City Engineer estimates that this water main is \$50,000.00.

The proposal must be accompanied by a certified check, \$125.00, made payable to Fred J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in

proposals.

# GOP Leaders Set Next Week As Target Date

... Congress Adjournment Continues Elusive

WASHINGTON (AP) — Republicans leaders Tuesday gave up all hope of adjourning Congress this Saturday. They set next week as a new target, but on the basis of experience declined to pinpoint an exact date.

A White House announcement indicated President Eisenhower doesn't expect the Senate will complete work until Aug. 19 at the earliest.

Senate Republican Leader Knowland (Calif.) said the adjournment schedule hinges mainly on how much time opponents spend attacking compromise atomic energy legislation. He said he'd heard talk of "another filibuster," and said this could extend the session even beyond next week.

Sen. Gore (D-Tenn.), an outspoken critic of the way the administration proposes to allow private industry to get into atomic power production last week predicted an assault on the measure revamped by a Senate-House conference committee. But he doubted an attempt to "talk the bill to death."

Knowland raised the new target for completing legislation after he and other GOP leaders held their weekly conference with Eisenhower.

The House has been ready to quit since last week. Speaker Martin (R-Mass.) said it now was in a position to close books "in three hours," once the Senate gives the signal. Senate leaders first hoped to wind up last Saturday, but two weeks of atomic energy debate scuttled that plan.

Knowland said the Senate would

remain in session as long as necessary to pass an atomic energy bill, which the house did with a minimum of fuss Monday. He said there would be no advance resolution specifying an adjournment date, lest foes of the atomic measure keep talking until then and preclude action.

## Other Subjects

In addition to the farm bill up Tuesday, Knowland listed these as other subjects which must be disposed of: Social security, anti-subversives legislation, unemployment insurance, national debt, foreign aid and extra appropriations.

After finishing legislative activity, the Senate probably will recess to await a report by its special committee investigating censure charges against Sen. McCarthy (R-Wis.). That's exclusively a Senate problem, and won't keep the House in session.

James C. Hagerty, White House press secretary, said it probably would be Aug. 19 "at the earliest" before Eisenhower leaves for his intended vacation in Colorado. The President has two speeches scheduled in Illinois that day. He'll return to Washington if Congress hasn't quit, otherwise fly on to Denver, Hagerty said.

The House has been ready to quit since last week. Speaker Martin (R-Mass.) said it now was in a position to close books "in three hours," once the Senate gives the signal. Senate leaders first hoped to wind up last Saturday, but two weeks of atomic energy debate scuttled that plan.

## Hope For Adjournment Vanishes

Senate Majority Leader William Knowland (left) and Speaker of the House Joseph Martin tell newsmen at the White House, following their conference with President (UPI Telephone.)

## Secretary Halts Cigarette Blaze

A cigarette fire destroyed some records but was doused by a secretary in office 755 in the Stuart Building before further damage occurred Tuesday evening.

The secretary told firemen a cigarette placed on the edge of an ash tray fell off and burned records, but she slapped a wet towel on the small fire to extinguish it.

The Lincoln man was allegedly involved in an attempted Butler County jailbreak. In the attempt, it was charged Police Officer Henry Stroebing was struck with a piece of metal.

## Mahoney Bound Over On Assault Charges

Lincoln Star Special

DAVID CITY, Neb.—Frank Mahoney, 28, of Lincoln has been bound over to District Court following a preliminary hearing in County Court on a charge of "assault with intent to do great bodily injury." He pleaded guilty to the charge.

The Lincoln man was allegedly involved in an attempted Butler County jailbreak. In the attempt, it was charged Police Officer Henry Stroebing was struck with a piece of metal.

Later in the year when the irrigation needs are no longer pressing, Miller said, the downstream irrigation districts would repay the loan by relinquishing some of their rights to the upstream water until the water was restored.

These arrangements were attempted after a Wyoming state court granted a temporary injunction to prevent outright sale of water.

The Reclamation Bureau here estimated that up to 900,000 acre feet of water is stored in the Alcova-Pathfinder and Seminoe Reservoirs. This is more than enough to serve 12,000 acres under irrigation in the area.

Air Force Changes:

Gillespie Takes Over Base;  
Wursten Heads 98th Wing

Col. Ervin Wursten has been named commander of the 98th Bombardment Wing, recently transferred to the Lincoln Air Force Base from Japan.

Simultaneously, Col. William G. Gillespie was appointed base commander to succeed Col. Wursten. Col. Gillespie previously occupied the position of deputy base commander.

Col. Don W. Bailey, acting commander of the 98th Wing during its return from Japan, is expected to arrive at the Lincoln AFB this week and will assume the duties of deputy wing commander until early in September.

At that time, Col. Bailey will go on temporary duty to Wichita, Kan., for three months of transition training in B-47 jet bomber aircraft.

The changes in senior key personnel at the Lincoln base, ef-

Wursten      Gillespie

fective Aug. 1, were announced by the Air Force.

Col. Amed D. Baker, director of operations, 98th Wing, is now at the base. Other personnel who have recently reported for duty include:

Lt. Col. Harry Smith, director of materiel.

Lt. Col. Alexander Currie, director of personnel.

Lt. Col. John Carew, deputy director of operations.

Lt. Col. Roy L. Booth, com commander.

Lt. Col. Lowell Fisher, commander, 411th Bomb Squadron.

Maj. Louis E. Fulton, Armament and Electronics, liaison commander.

Maj. Paul Wassell, Headquarters Squadron, 98th Wing.

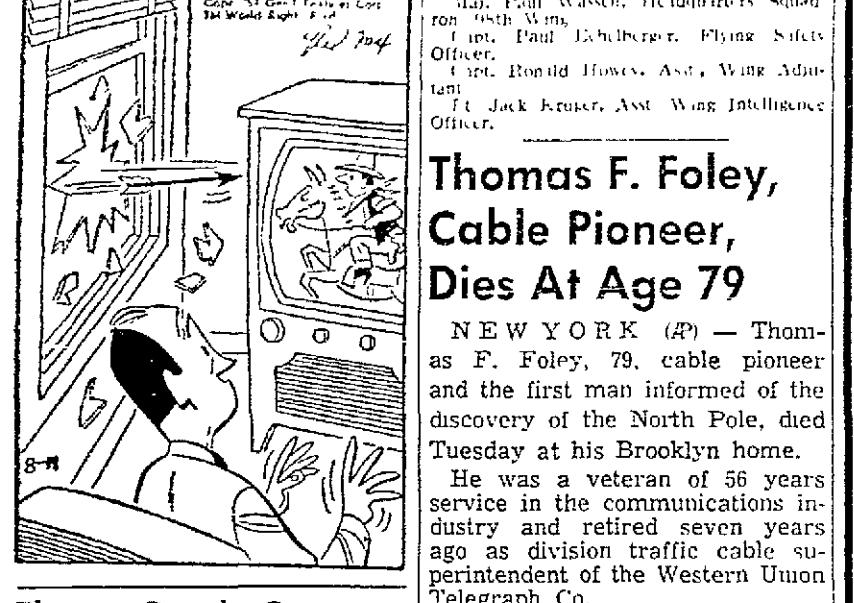

Capt. Paul Eichberger, Flying Safety Officer.

Capt. Ronald Hawes, Anti-Aircraft Adju-

tant.

Lt. Jack Krueger, Anti-Aircraft Intelligence Officer.

## WILBUR

Thomas F. Foley,  
Cable Pioneer,  
Dies At Age 79

NEW YORK (AP) — Thomas F. Foley, 79, cable pioneer and the first man informed of the discovery of the North Pole, died Tuesday at his Brooklyn home.

He was a veteran of 56 years service in the communications industry and retired seven years ago as division traffic cable superintendent of the Western Union Telegraph Co.

Also an authority and writer of articles on polar exploration, Foley received the first information of Adm. Peary's discovery of the North Pole April 6, 1909 in a personal message from a close friend, Capt. Robert Bartlett, who accompanied the expedition. Foley gave the news to press associations which released it to the world. Peary later sent official notice to President Theodore Roosevelt.

During the Russo-Japanese War in 1904 he worked for The Associated Press. During the Spanish-American War he sent the story of the destruction of the Spanish fleet by Adm. Schley's squadron.

McCarren appealed to Police Commissioner Timothy J. O'Connor to assign veteran detectives to help in the renewed inquiry. The coroner charged that the state's attorney's office had been of "little assistance" to him in attempts to develop the facts in the case.

Thorne Death Case  
Reopening Is Urged

CHICAGO (INS) —Coroner Walter McCarron urged Tuesday that the death of Montgomery Ward Thorne, heir to a \$2,600,000 estate, be investigated further because he said he does not believe the youth died of natural causes.

McCarron appealed to Police Commissioner Timothy J. O'Connor to assign veteran detectives to help in the renewed inquiry.

The coroner charged that the state's attorney's office

had been of "little assistance" to him in attempts to develop the facts in the case.

What Is The Disease?

Athlete's Foot is caused by a vegetable parasite. Under a microscope, it looks like the fungous mold you see on stale bread or cheese. This fungus grows anywhere that's moist and warm. And the human foot is one of its favorite "gardens." During the summer, excessive perspiration makes it flare up into a fiery, raging itch and soreness that drives the sufferer almost frantic.

Because the infection is hard to kill with ordinary lotions and ointments, it can spread from person to person like the plague. Especially at swimming pools, locker rooms and bathrooms, where people walk around barefoot.

Remarkable Relief

Clinical tests were made using an unusual cream (now called

TING) that dries into a fine powder as it's applied. The relief obtained was remarkable. With patient after patient, this medicated "dry-cream" killed specific Athlete's Foot fungi on 60-second contact. Itching stopped. The healing of cracks was helped amazingly. And dead white skin was replaced with new healthy flesh.

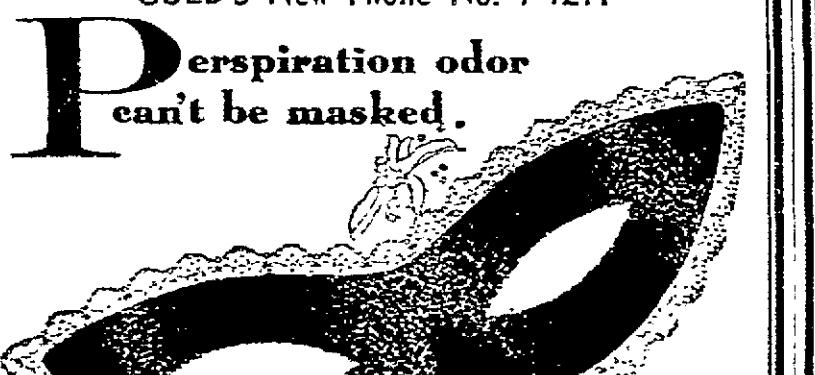

Nothing Else Worked  
So Well

In addition to these clinical tests, thousands of cases of actual home use have testified to TING's astonishing effectiveness. People in all walks of life — many of whom had spent large sums of money treating their foot condition unsuccessfully — found that nothing else had worked so well for them as this wonderful discovery.

## Money Back Guarantee

Now that TING is released, we strongly urge people with Athlete's Foot to use it. TING is greaseless, stainless, easy to apply, and costs only 69¢ and \$1.10. At all druggists. Your satisfaction guaranteed — or your money refunded.

Peru Report Claims  
Revolt Try Smashed

LIMA (INS) — An official Peruvian communiqué said Tuesday that government forces smashed an attempt by a military unit to start a revolution in the South American country.

The communiqué said the attempted uprising was staged by "Artillery Group Number Seven" stationed in Lima. It said Brig. Gen. Ernesto Roca was arrested in connection with the incident.

No casualties were reported and complete calm was said to prevail throughout Peru.

Nationalist China  
Boats Sail Into  
Bay Of Tungshan

TAIPEH, Formosa (AP) — Press reports said Tuesday Nationalist warships in sinking eight Red gunboats boldly steamed right into Tungshan Bay and opened fire.

These accounts said while one warship kept watch outside, two others sailed right into the bay, which is in Communist-held Tungshan Island 160 miles west of Formosa.

The Communists apparently thought the Nationalist warships

## Burns Tries For Dior

HOLLYWOOD (INS) — Comedian George Burns said Tuesday he is negotiating with Paris designer Christian Dior to appear on the Burns and Allen TV show. Burns said he cabled Dior that he would pay him "a flat figure" for his appearance.

were their own until the guns opened up at 2:45 a.m. For 75 minutes the bay rocked to the thunder of exploding shells.

The press reports described Tungshan Bay as a Communist naval base and asserted the engagement had seriously affected Red naval strength along the coast opposite Formosa.

## No Strain For Reds

TOKYO (Wednesday) (INS) — Communist China claimed Tuesday that "many" factories in the flood-beleaguered city of Wuhan overfulfilled July production goals, despite the menace of the Yangtze River's rising waters. Radio Peking, heard in Tokyo, contended that the "city has remained safe, thanks to the timely and massively organized flood prevention work."

Air Force Changes:

## Gillespie Takes Over Base; Wursten Heads 98th Wing

Col. Ervin Wursten has been named commander of the 98th Bombardment Wing, recently transferred to the Lincoln Air Force Base from Japan.

Simultaneously, Col. William G. Gillespie was appointed base commander to succeed Col. Wursten. Col. Gillespie previously occupied the position of deputy base commander.

Col. Don W. Bailey, acting commander of the 98th Wing during its return from Japan, is expected to arrive at the Lincoln AFB this week and will assume the duties of deputy wing commander until early in September.

At that time, Col. Bailey will go on temporary duty to Wichita, Kan., for three months of transition training in B-47 jet bomber aircraft.

The changes in senior key personnel at the Lincoln base, ef-

Wursten

Gillespie

fective Aug. 1, were announced by the Air Force.

Col. Ancil D. Baker, director of operations, 98th Wing, is now at the base. Other personnel who have recently reported for duty include:

Lt. Col. Harry Smith, director of materiel.

Lt. Col. Alexander Currie, director of personnel.

Lt. Col. Roy L. Booth, comptroller.

Lt. Col. Lowell Fisher, commander, 34th Bomb Squadron.

Maj. Edward Fallon, Armament and Materiel.

Maj. Paul Waseda, Headquarters Squadron, 98th Wing.

Capt. Paul Echelberger, Flying Safety Officer.

Capt. Ronald Howey, Asst., Wing Adjutant.

Lt. Jack Kruser, Asst. Wing Intelligence Officer.

## Thorne Death Case Reopening Is Urged

CHICAGO (INS)—Coroner Walter McCarron urged Tuesday that the death of Montgomery Ward Thorne, heir to a \$2,600,000 estate, be investigated further because he said he does not believe the youth died of natural causes.

McCarron appealed to Police Commissioner Timothy J. O'Connor to assign veteran detectives to help in the renewed inquiry. The coroner charged that the state's attorney's office had been of "little assistance" to him in attempts to develop the facts in the case.

## Athlete's Foot Yields to "Dry-Cream" Medication

Millions of people suffer from Athlete's Foot. Yet few of them know what causes the maddening itch. Or why their skin peels off in white dead flakes. Or why angry red cracks burn between their toes. And even fewer people know how to relieve these symptoms.

## What Is The Disease?

Athlete's Foot is caused by a vegetable parasite. Under a microscope, it looks like the fungous mold you see on stale bread or cheese. This fungus grows anywhere that's moist and warm. And the human foot is one of its favorite "gardens." During the summer, excessive perspiration makes it flare up into a fiery, raging itch and soreness that drives the sufferer almost frantic.

Because the infection is hard to kill with ordinary lotions and ointments, it can spread from person to person like the plague. Especially at swimming pools, locker rooms and bathrooms, where people walk around barefoot.

## Remarkable Relief

Clinical tests were made using an unusual cream (now called

TING) that dries into a fine powder as it's applied. The relief obtained was remarkable. With patient after patient, this medicated "dry-cream" killed specific Athlete's Foot fungi on 60-second contact. Itching stopped. The healing of cracks was helped amazingly. And dead white skin was replaced with new healthy flesh.

## Nothing Else Worked So Well

In addition to these clinical tests, thousands of cases of actual home use have testified to TING's astonishing effectiveness. People in all walks of life—many of whom had spent large sums of money treating their foot condition unsuccessfully—found that nothing else had worked so well for them as this wonderful discovery.

## Money Back Guarantee

Now that TING is released, we strongly urge people with Athlete's Foot to use it. TING is greaseless, stainless, easy to apply, and costs only 69¢ and \$1.10. At all druggists. Your satisfaction guaranteed—or your money refunded.

## Peru Report Claims Revolt Try Smashed

LIMA (INS)—An official Peruvian communiqué said Tuesday that government forces smashed an attempt by a military unit to start a revolution in the South American country.

The communiqué said the attempted uprising was staged by "Artillery Group Number Seven" stationed in Lima. It said Brig. Gen. Ernesto Ræz was arrested in connection with the incident.

No casualties were reported and complete calm was said to prevail throughout Peru.

## Nationalist China Boats Sail Into Bay Of Tungshan

TAIPEH, Formosa (AP)—Press reports said Tuesday Nationalist warships in sinking eight Red gunboats boldly steamed right into Tungshan Bay and opened fire.

These accounts said while one warship kept watch outside, two others sailed right into the bay, which is in Communist-held Tungshan Island 160 miles west of Formosa.

The Communists apparently thought the Nationalist warships

## Burns Tries For Dior

HOLLYWOOD (INS)—Comedian George Burns said Tuesday he is negotiating with Paris Designer Christian Dior to appear on the Burns and Allen TV show. Burns said he cabled Dior that he would pay him "a flat figure" for his appearance.

They were their own until the guns opened up at 2:45 a.m. For 75 minutes the bay rocked to the thunder of exploding shells.

The press reports described Tungshan Bay as a Communist naval base and asserted the engagement had seriously affected Red naval strength along the coast opposite Formosa.

## No Strain For Reds

TOKYO (Wednesday) (INS)—Communist China claimed Tuesday that "many" factories in the flood-beleaguered city of Wuhan are "overfilled" July production goals, despite the menace of the Yangtze River's rising waters. Radio Peiping, heard in Tokyo, contended that the "city has remained safe, thanks to the timely and massively organized flood prevention work."
